

**PROFESSIONAL ORGANIZATIONS**  
**(Association Dues)**

On or before October 1 of each year any teacher may sign and deliver to the Huron Education Association an authorization (the form and procedure to be determined by the education association) for payroll deduction of association membership dues. Such authorization will be made annually. Such sums shall be deducted in approximately equal amounts each pay day beginning with the October 20 payroll and ending with the June check each year. If the teacher's employment is terminated prior to the time specified in the teacher's contract, all deductions will cease effective with the last payroll prior to the date the termination is effective.

The board agrees to disburse any deductions made to the association.
