Mr. Radke,

I am writing this letter to inform you that, after much consideration, I will be resigning from my current position as the Vocal Teacher at Huron High School for the 2022-2023 contracted school year.

This was not an easy decision to make, as I have greatly enjoyed my time working in the Huron School District these past five years. To say I will miss the students, staff, and community of Huron would be an understatement.

I would like to thank you for all of the opportunities the district has given me over the last five years, and will be forever grateful for my time as a Huron Tiger.

Please feel free to contact me with any further questions.

Regards,
