Science project presentation to the school board
Ms. Fleck's 2nd grade students
Time 20 min.

Short description by students and Ms. Fleck on how students gather data and do demonstrations to gain understanding.
These are:
1. Sort objects into hoolahoops referring to informational posters and vocabulary boards.
2. Read unit criteria at the start so students know what proficient means. See attachments.
4. Apply understanding to performance task of making playdoh.
5. Record observations and share in groups of 2-3.
6. Students determine point values for each criteria based upon prior activities.
7. Transfer knowledge to Scholastic news magazine in regards to volcanic activity at the South Pole.
8. Extend knowledge when learning about Plasma, the 4th state of Matter (lightning, northern lights, technology). Art chalk creations incorporated.
9. Conclude unit by creating projects to share out to the class.

Teacher rationale for this process-I can create problem solvers and deeper application of Science and Social Studies concepts. Cross curricular application allows me to effectively teach CCS standards integrated across subject areas:
Reading, Writing, Language, Science, Technology, Art. The units take 4-8 weeks as I only teach 2 days of Science or Social Studies a week.

- Barb is an awesome worker! She is always in a good mood no matter what day it is.

- Barb wears many hats and multi-tasks very well. She is so good about holding the students accountable for manners and appropriate social behaviors. She cares about the staff and students in her own quiet and gentle ways that go unnoticed by so many.

- Barb deserves this award for how she handles all of the phone calls that come into the office each day...with grace and composure.
These are the wonderful comments made by the teachers at Washington. As you will read or hear, these comments represent the reason Mrs. Mallon was nominated.

- Nicki Mallon is a very dedicated Para-Educator working with scholars with emotional issues. This is a very difficult group of scholars that walk a fine line between losing control of their actions and behaviors and being functional in a special classroom designed to limit stressors. Nicki is excellent at helping scholars decompress and avoiding melt downs. She uses behavioral strategies when appropriate, but she is often able to talk them down from an emotional overload. She shows compassion and love for each scholar and in return, the scholars respect her and are willing to listen. Nicki has some of the most challenging scholars in the district who need love and acceptance, consequences and understanding. She exhibits all of these characteristics. Her energy to work with these special needs children is only seen in very few people. Nicki understands that scholars are affected by having substitutes and she makes an extreme effort to come to work for the stability of the children with which she works. Nicki is an asset to the Huron School District and she does a job that takes a very special person. Few can do what she does. She is truly a blessing.

- Nicki has always been dedicated to what she does and really cares about the scholars she works with. She is very patient and understanding and is a valuable employee to the Huron School District.

- Nicki Mallon is a wonderful co-worker. People look up to her and strive to be like Nicki.

- Nicki Mallon is always willing to do anything you ask of her. She loves her job and the scholars she works with so much. I had the privilege of working with her at the pool this summer. I can remember on many different occasions that she talked about how much she enjoyed her job, the staff and most importantly the scholars. She is someone that is trustworthy, honest, and loyal.

- Nicki Mallon has always demonstrated care and concern for her scholars and has shown herself to be a respectful professional when scholars are around or when we are in the staff lounge. It’s a pleasure to get to know her.

- Nicki Mallon has excellent discipline with the scholars she works with. She also tries her hardest to make sure they are successful. She is a kind and thoughtful person.
• Nicki Mallon is dedicated to her job. She is willing to help out in any way she can.
• Nicki Mallon is always a positive person.
• Nicki Mallon’s professional manner and eagerness to help scholars have made her an asset to our school. She remains calm under stress and keeps a positive attitude with the scholars she works with daily.
• I have worked with Nicki Mallon for many years and have always found her to be cheerful and energetic. She always puts the children first, and is willing to do anything asked of her. She is kind to everyone and so much fun to be around. Nicki is thoughtful and dependable. I am so lucky to work with her every day.
• Nicki is such an asset to our school. She is wonderful with all of the scholars, especially the scholars that she works so closely with in the SLC room. We are so fortunate that she is in our school.
• Nicki is enthusiastic about her job.
• Nicki always has a very professional demeanor when working with very challenging scholars. I appreciate her positive approaches to difficult situations.
• Nicki is the most dedicated staff member I have ever worked with. She is always on time, usually early, and she spends every moment of the school day dedicated to the students she works with. She is always willing to go above and beyond to meet the needs of the students not only in the classroom where she works, but of all the students in the building.

Congratulations Nicki for your continued dedication to our scholars and their success.

The Facility Coordinator will designate a Food Service Manager to coordinate the provision of meals at the direction of and in cooperation with the Shelter Manager. The Food Service Manager will establish a feeding schedule, determine food service inventory and needs, and supervise meal planning and preparation. The Food Service Manager and Shelter Manager will jointly conduct a pre-occupancy inventory of the food and food service supplies in the Facility before it is turned over to the Red Cross.

5. **Custodial Services:** Upon request by the Red Cross and if such resources exist and are available, the Owner will make its custodial resources, including supplies and custodial workers, available to provide cleaning and sanitation services at the shelter. The Facility Coordinator will designate a Facility Custodian to coordinate the provision of cleaning and sanitation services at the direction of and in cooperation with the Shelter Manager.

6. **Security:** In coordination with the Facility Coordinator; the Shelter Manager, as he or she deems necessary and appropriate, will coordinate with law enforcement regarding any public safety issues at the Shelter.

7. **Signage and Publicity:** The Red Cross may post signs identifying the shelter as a Red Cross shelter in locations approved by the Facility Coordinator and will remove such signs when the shelter is closed. The Owner will not issue press releases or other publicity concerning the shelter without the express written consent of the Shelter Manager. The Owner will refer all media questions about the shelter to the Shelter Manager.

8. **Closing the Shelter:** The Red Cross will notify the Owner or Facility Coordinator of the closing date for the shelter. Before the Red Cross vacates the Facility, the Shelter Manager and Facility Coordinator will jointly conduct a post-occupancy survey, using the second page of the Shelter/Facility Opening/Closing Form to record any damage or conditions. The Shelter Manager and Facility Coordinator or Food Service Manager will conduct a post-occupancy inventory of the food and supplies used during the shelter operation.
9. Reimbursement: The Red Cross will reimburse the Owner for the following:

a. *Damage to the Facility or other property of Owner*, reasonable wear and tear excepted, resulting from the operations of the Red Cross. Reimbursement for facility damage will be based on replacement at actual cash value. The Red Cross will select from among bids from at least three reputable contractors. The Red Cross is not responsible for storm damage or other damage caused by the disaster.

b. *Reasonable costs associated with custodial and food service personnel* which would not have been incurred but for the Red Cross's use of the Facility for sheltering. The Red Cross will reimburse at per-hour, straight-time rate for wages actually incurred but will not reimburse for (i) overtime or (ii) costs of salaried staff.

c. *Reasonable, actual, out-of-pocket operational costs*, including the costs of the utilities indicated below, to the extent that such costs would not have been incurred but for the Red Cross's use of the Premises (both parties must initial all utilities to be reimbursed by the Red Cross):

Any request for reimbursement for food, supplies or operational costs must be accompanied by supporting invoices. Any request for reimbursement for personnel costs must be accompanied by a list of the personnel with the dates and hours worked at the shelter.

10. Insurance: The Red Cross shall carry insurance coverage in the amounts of at least $1,000,000 per occurrence for Commercial General Liability and Automobile Liability. The Red Cross shall also carry Workers' Compensation coverage with statutory limits for the jurisdiction within which the facility is located and $1,000,000 in Employers' Liability.

11. Indemnification: The Red Cross shall defend, hold harmless, and indemnify Owner against any legal liability, including reasonable attorney fees, in respect to bodily injury, death and property damage arising from the negligence of the Red Cross during the use of the Premises.

12. Term: The term of this agreement begins on the date of the last signature below and ends 30 days after written notice by either party.

Hi Kelly,

No burden to the school for anything. Thanks for the clarification on Buchanan, we can take the deductions for projects 3 years back so it would still qualify.

Stacy,

If we sign these documents is there a burden on the school to help with the energy audit and site inspection?

Buchanan was put into service in 2014, it doesn’t look like the IRS code will allow you to use that one per section 3.01?

Hi Kelly,

Jeff Hazard suggested I contact you about the 179D Commercial Building Tax Deduction. You may have heard of it or have had experience on another project; basically it is a tax provision that encourages design and construction of energy efficient buildings. Because government building owners are not able to take advantage of the tax deduction, architects and others on the design team are able to claim it as long as the building owner gives permission. Once this is done, we commission an energy audit and site inspection to satisfy IRS requirements. We’ve done this on several projects around the state, including several projects at SDSU, Sioux Falls McGovern Middle School and the Brookings High School expansion. We would certainly share the results of the energy audit with you.

I’ve attached the permission form for your consideration, and here is a link to the IRS circular explaining the deduction.

Please let me know if you have any questions. Otherwise, we would greatly appreciate your permission to pursue the deduction related to Buchanan, Madison and Washington Elementary Schools.

Thanks!

We allowed them to inspect our building as well. Our latest architect also claimed the exemption. Hope this helps.

Brian,

Just wondering if Brookings did allow them to have the deduction and if there are any negatives for the school in doing this?

Rodney Freeman and I can't find any reason not to let them.

Amplification of Notice 2006-52; Deduction for Energy Efficient Commercial Buildings

SECTION 1. PURPOSE

This notice clarifies and amplifies Notice 2006-52, 2006-1 C.B. 1175. Notice 2006-52 provides a process that allows a taxpayer who owns a commercial building and installs property as part of the commercial building's interior lighting systems, heating, cooling, ventilation, and hot water systems, or building envelope to obtain a certification that the property satisfies the energy efficiency requirements of § 179D(c)(1) and (6) of the Internal Revenue Code. Notice 2006-52 also provides for a public list of software programs that may be used in calculating energy and power consumption for purposes of § 170D.

This notice sets forth additional guidance relating to the deduction for energy efficient commercial buildings under § 179D and is intended to be used in connection with Notice 2006-52. Any reference to this notice or to Standard 90.1-2001 should be treated as a reference to ANSI/ASHRAE/IESNA Standard 90.1-2001, Energy Standard for Buildings Except Low-Rise Residential Buildings, developed by the American National Standards Institute by the American Society of Heating, Refrigerating, and Air Conditioning Engineers and the Illuminating Engineering Society of North America (as in effect on April 2, 2003, including addenda 90.1a-2003, 90.1b-2002, 90.1c-2002, 90.1d-2002, 90.1e-2002, and 90.1f-2002 as in effect on that date).

SECTION 2. BACKGROUND

Section 179D(a) allows a deduction to a taxpayer for part or all of the cost of energy efficient commercial building property that the taxpayer places in service after December 31, 2005, and before January 1, 2009. Sections 179D(b)(1) and (b)(2) allow a deduction to a taxpayer for part or all of the cost of certain partially qualifying commercial building property that the taxpayer places in service after December 31, 2005, and before January 1, 2009. Partially qualifying commercial building property is property that would be energy efficient commercial building property but for the failure to achieve the 50-percent reduction in energy and power costs required under § 179D(c)(1)(D).

SECTION 3. SPECIAL RULE FOR GOVERNMENT-OWNED BUILDINGS

.01 In General. In the case of energy efficient commercial building property (or partially qualifying commercial building property for which a deduction is allowed under § 179D) that is installed on or in property owned by a Federal, State, or local government or a political subdivision thereof, the owner of the property may allocate the § 179D deduction to the person primarily responsible for designing the property (the designer). If the allocation of a § 179D deduction to a designer satisfies the requirements of this section, the deduction will be allocated only to that designer. The deduction will be allowed to the designer for the taxable year that includes the date on which the property is placed in service.

.02 Designers of Government-Owned Buildings. A designer is a person that creates the technical specifications for installation of energy efficient commercial building property (or partially qualifying commercial building property for which a deduction is allowed under § 179D). A designer may include, for example, an architect, engineer, contractor, environmental consultant, or energy services provider who creates the technical specifications for a new building or an addition to an existing building that incorporates energy efficient commercial building property (or partially qualifying commercial building property for which a deduction is allowed under § 179D). A person that merely installs, repairs, or maintains the property is not a designer.

.03 Allocation of the Deduction. If more than one designer is responsible for creating the technical specifications for installation of energy efficient commercial building property (or partially qualifying commercial building property for which a deduction is allowed under § 179D) on or in a government-owned building, the owner of the building shall—

1. determine which designer is primarily responsible and allocate the full deduction to that designer, or
2. at the owner's discretion, allocate the deduction among several designers.

.04 Form of Allocation. An allocation of the § 179D deduction to the designer of a government-owned building must be in writing and will be treated as satisfying the requirements of this section with respect to energy efficient commercial building property (or partially qualifying commercial building property for which a deduction is allowed under § 179D) if the allocation contains all of the following:

1. The name, address, and telephone number of an authorized representative of the owner of the government-owned building;
2. The name, address, and telephone number of an authorized representative of the designer receiving the allocation of the § 179D deduction;
3. The address of the government-owned building on or in which the property is installed;
4. The cost of the property;
5. The date the property is placed in service;
6. The amount of the § 179D deduction allocated to the designer;
(7) The signatures of the authorized representatives of both the owner of the government-owned building and the designer or the designer's authorized representative; and

(8) A declaration, applicable to the allocation and any accompanying documents, signed by the authorized representative of the owner of the government-owned building, in the following form:

"Under penalties of perjury, I declare that I have examined this allocation, including accompanying documents, and to the best of my knowledge and belief, the facts presented in support of this allocation are true, correct, and complete."

.05 Obligations of Designer: Before a designer may claim the § 179D deduction with respect to property installed on or in a government-owned building, the designer must obtain the written allocation described in section 3.04. A designer is not required to attach the allocation to the return on which the deduction is taken. However, § 179D(b) of the Income Tax Regulations requires that taxpayers maintain such books and records as are sufficient to establish the entitlement to, and amount of, any deduction claimed by the taxpayer. Accordingly, a designer claiming a deduction under § 179D should retain the allocation as part of the taxpayer's records for purposes of § 179D(b) of the Income Tax Regulations.

.06 Tax Consequences to Designers of Government-Owned Buildings: The maximum amount of the § 179D deduction to be allocated to the designer is the amount of the costs incurred by the owner of the government-owned building to place the energy efficient commercial building property in service. A partial deduction may be allocated and computed in accordance with the procedures set forth in sections 2 and 3 of Notice 2006-52. The designer does not include any amount in income on account of the § 179D deduction allocated to the designer. In addition, the designer is not required to reduce future deductions by an amount equal to the § 179D deduction allocated to the designer. Although reducing future deductions in this manner would provide equivalent treatment for designers that are allocated a § 179D deduction and building owners that are required to reduce the basis of their energy efficient commercial building property by the amount of the § 179D deduction they claim, § 179D does not provide for any reductions other than reductions to the basis of the energy efficient commercial building property.

.07 Tax Consequences to Owners of Public Buildings: The owner of the public building is not required to include any amount in income on account of the § 179D deduction allocated to the designer. The owner of the public building is required to reduce the basis of the energy efficient commercial building property (or partially qualifying commercial building property) by the amount of the § 179D deduction allocated.

SECTION 4. LIST OF APPROVED SOFTWARE PROGRAMS

.01 In General: The Department of Energy creates and maintains a public list of software that may be used to calculate energy and power consumption and costs for purposes of providing a certification under section 4 of Notice 2006-52. This public list appears at http://www.energystar.gov/buildings/stocks/tax_incentives.html. Software will be included on the list if the software developer submits the following information to the Department of Energy:

(1) The name, address, and (if applicable) web site of the software developer;

(2) The name, email address, and telephone number of the person to contact for further information regarding the software;

(3) The name, version, or other identifier of the software as it will appear on the list;

(4) All test results, input files, output files, weather data, model reports, and the executable version of the software with which the tests were conducted;

(5) A declaration by the developer of the software made under penalties of perjury and containing all of the following information:

(a) A statement that the software has been tested according to the American National Standards Institute/American Society of Heating, Refrigerating and Air-Conditioning Engineers (ANSI/ASHRAE) Standard 140-2007 Standard Method of Test for the Evaluation of Building Energy Analysis Computer Programs.

(vi) Part-load performance curves for mechanical equipment;

(vii) Capacity and efficiency correction curves for mechanical heating and cooling equipment;

(viii) Air-side and water-side economizers with integrated control.

(viii) Variable-Air-Volume with parallel fan powered boxes (VAV with PFP boxes), multi-zone air, air-handling unit, chilled water coil, hot water coil, VAV fan, chilled, fan-powered induction boxes, electric reheat.

(d) A statement that the software can—

(i) Either directly determine energy and power costs or produce hourly reports of energy use by energy source suitable for determining energy and power costs separately; and

(ii) Design load calculations to determine required HVAC equipment capacities and air and water flow rates.

(e) A statement describing which, if any, of the following the software can explicitly model:

(i) Natural ventilation.

(ii) Mixed mode (natural and mechanical) ventilation.

(iii) Earth tempering of outdoor air.
SECTION 5. CERTIFICATION REQUIREMENTS FOR INTERIM LIGHTING RULE

.01 In General. Section 2.63(1)(b) of Notice 2005-32 provides an interim rule under which partially qualifying property is treated as energy efficient lighting property (the Interim Lighting Rule). Before a taxpayer may claim the § 179D deduction under the Interim Lighting Rule with respect to energy efficient lighting property installed on or in a commercial building, the taxpayer must obtain a certification with respect to the property. The certification must be provided by a qualified individual. Section 4 of Notice 2005-32 provides that the certification must include a statement that qualified computer software was used to calculate energy and power consumption and costs. That section also provides that the certification must include a statement that the building owner has received an explanation of projected annual energy costs. These requirements are appropriate only in the case of certifications that involve calculations of energy and power consumption and cost. The Interim Lighting Rule is satisfied by a reduction in lighting power density and such a reduction may be computed using a spreadsheet or other similar software. This computation does not require qualified computer software to model the entire building system or a determination of projected annual energy costs. Accordingly, the requirements of section 4 of Notice 2005-32 do not apply to certifications under the Interim Lighting Rule.

.02 Applicable Requirements. A taxpayer is not required to attach the certification to the return on which the deduction is taken. However, § 1.6011-1(a) of the Income Tax Regulations requires that taxpayers maintain such books and records as are sufficient to establish the entitlement to, and amount of, any deduction claimed by the taxpayer. Accordingly, a taxpayer claiming a deduction under § 179D should retain the certification as part of the taxpayer's records for purposes of § 1.6011-1(a) of the Income Tax Regulations. The qualified individual providing a certification under the Interim rule must document a reduction in lighting power density in a thorough and consistent manner. A certification under the Interim Lighting Rule will be treated as satisfying the requirements of § 179D(c)(1) if the certification contains all of the following:

1. The name, address, and telephone number of the qualified individual;
2. The address of the building to which the certification applies;
3. A statement by the qualified individual that the interior lighting systems that have been, or are planned to be, incorporated into the building—
   a. Achieve a reduction in lighting power density of at least 25 percent (50 percent in the case of a warehouse) of the minimum requirements in Table 9.3.1.1 or Table 9.3.1.2 (not including additional interior lighting power allowances) of Standard 90.1-2001;
   b. Have controls and circuits that comply fully with the mandatory and prescriptive requirements of Standard 90.1-2001;
   c. Include provision for bi-level switching in all occupancies except hotel and motel guest rooms, store rooms, restrooms, public lobbies, and garages; and
4. A statement by the qualified individual that—
   a. Field inspections of the building were performed by a qualified individual after the energy efficient lighting property has been installed in service;
   b. The field inspections confirmed that the building has met, or will meet, the reduction in lighting power density required by the design plans and specifications;
   c. The field inspections were performed in accordance with inspection and testing procedures that—
      i. Have been prescribed by the National Renewable Energy Laboratory (NREL) as Energy Savings Modeling and Inspection Guidelines for Commercial Building Federal Tax Deduction; and
      ii. Are in effect at the time the certification is given;
   d. A list identifying the components of the energy efficient lighting property installed on or in the building, the energy efficiency features of the building, and its projected lighting power density;
   e. A statement that the building owner has received an explanation of the energy efficient features of the building and its projected lighting power density;
   f. A declaration, applicable to the certification and any accompanying documents, signed by the qualified individual, in the following form:

SECTION 6. APPLICATION OF THE INTERIM LIGHTING RULE TO UNCONDITIONED GARAGE SPACE

For purposes of the Interim Lighting Rule, the definition of a Building within the Scope of Standard 90.1-2001 (found in Section 5.03 of Notice 2006-52) is expanded to include a structure that—

1. Encloses space affording shelter to persons, animals, or property within exterior walls or within exterior and party walls and a roof,

2. Is not a single-family house, a multi-family structure of three stories or fewer above grade, a manufactured house (mobile home), or a manufactured house (modular), and

3. Is unconditioned attached or detached garage space as referenced by Tables 9.3.1.1 and 9.3.1.2 of Standard 90.1-2001.

SECTION 7. CHANGES RELATING TO PARTIALLY QUALIFYING PROPERTY

01 Energy Savings Percentages. A taxpayer may apply section 2.05 of Notice 2006-52 by substituting "10" for "16 5/6%" in section 2.05(1) of such notice. If a taxpayer makes this substitution, the taxpayer must apply sections 2.03 and 2.04 of Notice 2006-52 by substituting "20" for "16 5/6%" in sections 2.03(1)(d) and 2.04(1) of such notice. If § 1790 is extended beyond December 31, 2008, the Internal Revenue Service and the Treasury Department expect, in the absence of other changes to § 1790, that the substitute percentages set forth in this section will be the only percentages used in determining whether property placed in service after December 31, 2008, is partially qualifying property.

02 Limitation on Deduction for Partially Qualifying Property.

1. In general. If property installed on or in a building is treated as partially qualifying property under sections 2.03, 2.04, and 2.05 of Notice 2006-52, the deduction for the cost of such property shall not exceed the greater of the following amounts:
   
   (a) The sum of the deductions allowable under sections 2.03 and 2.04 of such notice;
   
   (b) The sum of the deductions allowable under sections 2.04 and 2.05 of such notice; or
   
   (c) The sum of the deductions allowable under sections 2.03 and 2.05 of such notice.

2. Application to Multiple Taxpayers. If two or more taxpayers install property on or in the same building and the deduction for the cost of the property is subject to the limitation in section 7.02(1) of this notice, the aggregate amount of the § 1790 deductions allowed to all such taxpayers with respect to the building shall not exceed the amount determined under section 7.02(1) of this notice.

SECTION 8. PAPERWORK REDUCTION ACT

The collection of information contained in this notice have been reviewed and approved by the Office of Management and Budget in accordance with the Paperwork Reduction Act (44 U.S.C. 3507) under control number 1545-2004.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number.

The collection of information is in sections 4 and 6 of Notice 2006-52 and sections 4 and 5 of this notice. This information is required to be collected and retained in order to ensure that energy efficient commercial building property meets the requirements for the deduction under § 1790. This information will be used to determine whether commercial building property for which certifications are provided is property that qualifies for the deduction.

The collection of information is required to obtain a benefit.

The likely respondents are two groups: qualified individuals providing a certification under § 1790 (section 4 of Notice 2006-52 and section 5 of this notice) and software developers seeking to have software included on the public list created by the Department of Energy (section 6 of Notice 2006-52 and section 4 of this notice).

For qualified individuals providing a certification under § 1790, the likely respondents are individuals. The likely number of certifications is 20,000. The estimated burden per certification ranges from 15 to 30 minutes with an estimated average burden of 22.5 minutes. The estimated total annual reporting burden is 7,500 hours.

For software developers seeking to have software included on the public list created by the Department of Energy, the likely respondents are individuals, corporations and partnerships. The estimated total annual reporting burden is 75 hours. The estimated annual burden per respondent varies from 1 to 2 hours, depending on individual circumstances, with an estimated average burden of 1 1/2 hours to complete the submission required to have the software added to the public list. The estimated number of respondents is 50. The estimated frequency of responses is once.

Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

SECTION 179D ALLOCATION

As part of the Energy Policy Act of 2005, Congress enacted Section 179D of the Internal Revenue Code in order to encourage the energy efficient design and construction of new or rehabilitated properties. This program allows tax exempt government building owners to allocate potential Section 179D deductions for energy efficient building envelope, HVAC and hot water systems, or interior lighting systems to taxpayers who worked on those systems for government-owned buildings. Taxpayers eligible to receive an allocation may include an architect, engineer, contractor, environmental consultant or energy services provider.

In the event that the Madison Elementary School, located at 1045 18th St SW, Huron SD, 57350 meets the energy efficiency requirements of Section 179D, Kelly Christopherson, representative for Huron School District (Property Owner”), the owner of the Building allocates the full federal income tax deduction available under Section 179D attributable to the Building Envelope, HVAC and hot water systems, and lighting systems to Koch Hazard Architects, Inc. for their work on the Building. The Building was placed into service in 2015 and the cost of the construction project when completed was $5,533,552.

We acknowledge that at the time of signing, the Building has not yet been certified as meeting the energy efficiency requirements of Section 179D. Attached documents (if any) do not relate to the energy efficiency of the Building.

Required IRS Statement:

Under penalties of perjury, I declare that I have examined this allocation, including accompanying documents, and to the best of my knowledge and belief, the facts presented in support of this allocation are true, correct and complete.

SECTION 179D ALLOCATION

As part of the Energy Policy Act of 2005, Congress enacted Section 179D of the Internal Revenue Code in order to encourage the energy efficient design and construction of new or rehabilitated properties. This program allows tax exempt government building owners to allocable potential Section 179D deductions for energy efficient building envelope, HVAC and hot water systems, or interior lighting systems to taxpayers who worked on those systems for government-owned buildings. Taxpayers eligible to receive an allocation may include an architect, engineer, contractor, environmental consultant or energy services provider.

In the event that the Washington Elementary School, located at 1415 McClellan Drive, Huron SD, 57350 meets the energy efficiency requirements of Section 179D, Kelly Christopherson, representative for Huron School District (Property Owner"), the owner of the Building allocates the full federal income tax deduction available under Section 179D attributable to the Building Envelope, HVAC and hot water systems, and lighting systems to Koch Hazard Architects, Inc. for their work on the Building. The Building was placed into service in 2015 and the cost of the construction project when completed was $8,185,100.

We acknowledge that at the time of signing, the Building has not yet been certified as meeting the energy efficiency requirements of Section 179D. Attached documents (if any) do not relate to the energy efficiency of the Building.

Required IRS Statement:

Under penalties of perjury, I declare that I have examined this allocation, including accompanying documents, and to the best of my knowledge and belief, the facts presented in support of this allocation are true, correct and complete.

SECTION 179D ALLOCATION

As part of the Energy Policy Act of 2005, Congress enacted Section 179D of the Internal Revenue Code in order to encourage the energy efficient design and construction of new or rehabilitated properties. This program allows tax exempt government building owners to allocate potential Section 179D deductions for energy efficient building envelope, HVAC and hot water systems, or interior lighting systems to taxpayers who worked on those systems for government-owned buildings. Taxpayers eligible to receive an allocation may include an architect, engineer, contractor, environmental consultant or energy services provider.

In the event that the Buchanan Elementary School, located at 5 Mellette Ave SW, Huron SD, 57350 meets the energy efficiency requirements of Section 179D, Kelly Christopherson, representative for Huron School District (Property Owner”), the owner of the Building allocates the full federal income tax deduction available under Section 179D attributable to the Building Envelope, HVAC and hot water systems, and lighting systems to Koch Hazard Architects, Inc. for their work on the Building. The Building was placed into service in 2014 and the cost of the construction project when completed was $7,431,368.

We acknowledge that at the time of signing, the Building has not yet been certified as meeting the energy efficiency requirements of Section 179D. Attached documents (if any) do not relate to the energy efficiency of the Building.

Required IRS Statement:

Under penalties of perjury, I declare that I have examined this allocation, including accompanying documents, and to the best of my knowledge and belief, the facts presented in support of this allocation are true, correct and complete.

HIRING PROCEDURES
HURON SCHOOL DISTRICT 2-2
2016

Introduction

The effectiveness of an educational program is directly related to the quality of its staff. Staff selection decisions have far-reaching educational effects and are of major importance in ensuring the quality of the school district. These guidelines provide a framework for consistency in the district’s hiring practices, allow for objective decision-making, and demonstrate integrity and ethical practice in the selection of employees.

Statement of Objectives

The Huron school district policy on nondiscrimination/equal opportunity and the district’s strategic plan will provide direction as individuals (who provide quality and diversity) are hired in the district.

The selection process will provide fairness and professional courtesy to all candidates.

Administrators, supervisors, and others involved in the process will be committed to high standards in making decisions and will act professionally and be sensitive to confidentiality throughout the entire hiring process.

Employee Orientation

All employees new to the district must complete a fingerprinting/background check prior to employment. The supervisor is responsible for directing the employee to the superintendent’s office for completion of necessary forms.

Administrators will review written job descriptions with new employees. In addition, a specific orientation program which may include assistance from other district staff should be provided.

Veteran’s Preference

In compliance with South Dakota Codified Law 3-3-1 Veterans who have the qualification for a position will be granted an interview. A Veteran with an “interview rating” equal to other candidates will be granted preference in hiring.

The most qualified candidate with the highest rating will be offered the position, regardless of whether they are a Veteran.
Selection Process/Certified Staff

Supervisors are advised to reference the “Hiring Process/ADA” guidance (page 7) before beginning the selection process.

The selection process will involve six steps:
   (1) advertisement,
   (2) application,
   (3) screening,
   (4) interview,
   (5) reference checks and verification of qualifications; and,
   (6) recommendation/selection/notification.

The Advertisement Process
1. It is the responsibility of the building or department supervisor to notify the superintendent’s office of the vacancy/employee’s resignation. Employees may also inform the superintendent’s office directly of their resignation.

2. Vacancy notices will be prepared by the superintendent’s office with input from the supervisor’s office. The job vacancy, qualifications, and closing dates may be posted/advertised internally and externally.

3. Screening and/or interviewing may take place before the closing date has passed. However, the position will remain open and applicants considered until the closing date has passed.

The Application Process
1. All applications are processed through the superintendent’s office.

2. All materials requested from the applicant (e.g., completed application form, transcript, credentials, resume, etc.) must be on file before the applicant is considered for the advertised position(s).
   *NOTE - This is now a digital process through TalentEd.com

3. Files will be kept in the superintendent’s office. Supervisors may request a confidential copy of the application and references, which must be destroyed at the end of the process.

The Screening Process
1. Applicant materials will be screened based on the qualifications as per the job description and other criteria set forth by the superintendent and supervisor. Note the importance of “Highly Qualified” status on meeting accreditation expectations.

2. The digital-paper screen of applicants will be conducted by the (prospective employee’s) immediate supervisor. Applicants will be selected for interviews based on the evaluation of file materials. A supervisor may make reference calls during the screening process.

3. The supervisor will notify the superintendent’s office of applicants he/she wishes to interview.
The Interview Process

1. Interviews for certified positions will be scheduled through the superintendent’s office. The process will involve two steps: an interview/introduction with the superintendent and a formal interview through the supervisor as described below.

A. The supervisor is responsible for developing and using an interview instrument (and determining if a team will be used) which will be used with each candidate. For teacher candidates, the superintendent may utilize the “Empathy Interview Instrument” during his/her interview. The applicant’s score on the Empathy will receive serious consideration regarding the applicant’s status. It is the supervisor’s option to also meet separately after or before the team interview.

B. The supervisor is encouraged to use a team to conduct the interviews and to provide input. However, the supervisor is the sole-person responsible for making the hiring recommendation to the superintendent.

C. The supervisor must complete an employment interview rating sheet for each interviewee. This rating sheet will be included in the applicant’s file.

Reference Checks

1. The supervisor will check the references of the candidate selected. A minimum of three documented references must be conducted on the candidate selected.

Supervisor’s Recommendation

1. The supervisor will inform the superintendent of the recommendation.

2. Candidates who have been interviewed but not selected for the position will be contacted by the hiring administrator. This may be done in person, or via phone, email, text, or postal mail. The administrative assistant in the Superintendent’s Office will notify other applicants through email.

3. The superintendent will submit the candidate to the board of education for approval. (In some circumstances, the employee may sign the contract and begin working prior to board approval.)

4. The supervisor and the superintendent’s office will notify the business manager and payroll office of all personnel hired.
Selection Process/Classified Staff

The selection process will involve six steps:

(1) advertisement,
(2) application,
(3) screening,
(4) interview,
(5) reference checks and verification of qualifications; and,
(6) recommendation/decision/notification.

The Advertisement Process

1. Postings/advertisements are generated (when a vacancy occurs) by the administrator responsible for the program. Timelines must be included in the posting. The posting may be internal only. Advertisements to be placed in the Plainsman or other publications must be cleared through the superintendent’s office.

The Application Process

1. A complete applicant’s file shall include a letter of application, a completed application form, and a resume. (Additional materials may be submitted by the applicant.) These materials are now submitted via TalentEd.com.

2. The file will be duplicated by whoever receives the information. One copy will be kept in the superintendent’s office and one in the supervisor’s office. The supervisor will return only the file of the person hired. The superintendent’s office will retain all applicant files for a minimum of one year, creating access to other supervisors with similar job openings through the TalentEd system.

The Screening Process

1. Only completed files will be reviewed during the screening process.

2. The digital paper screen of the applicants will be conducted by the administrator responsible for the program.

The Interview Process

1. The administrator responsible for the program is in charge of the interview process—and is responsible for the hiring decision.

2. The administrator is responsible for developing and using the interview instrument.

3. The administrator is responsible to review the interview process with the interview team (if a team is being used) and to utilize criteria which will be used to rate the candidates.
Reference Checks

1. The administrator will conduct a minimum of three reference checks on the candidate selected to be hired.

Supervisor's Recommendation

1. Supervisors must verify para-educator’s status as Highly Qualified with the Director of Federal Programs prior to offering employment.

2. The supervisor will provide the following offices in the business office with the hiring decision: business manager, payroll officer, and classified Highly Qualified compliance officer.

3. Candidates who have been interviewed but not selected for the position will be contacted by the hiring administrator. This may be done in person, or via phone, email, text, or postal mail. The administrative assistant in the Superintendent's Office will notify other applicants through email.
Major Areas to be Aware of and to “Avoid” When Interviewing

1. Topics to avoid asking a candidate:
   -- Plans for raising a family.
   -- Marital plans.
   -- Number of dependents.
   -- Baby-sitting arrangements.
   -- Occupation of spouse.

2. Topics to avoid relating to possible age discrimination:
   -- Ability to “keep pace.” (This is a high-rolling system. Do you think you have the endurance to keep up?)
   -- Age related relationship. (How do you feel about working for a person younger than you?)

3. Topics to avoid relating to religion:
   -- Church attendance/activities, observance of religious holidays.

4. Topics to avoid relating to national origin:
   -- Nationality of applicant’s parents or spouse.
   -- Inquiry into how applicant learned to read, write, or speak a foreign language.
   -- Inquiry about the name and address of the nearest relative to be notified in case of an emergency.
THE HIRING PROCESS/ADA

The employer’s obligation under ADA is to provide an equal opportunity for individuals with disabilities to apply and to be considered for a job.

Prior to Advertising, Examine the Job Description

1. The key issue throughout the process is whether an otherwise qualified applicant with a disability, with or without reasonable accommodation, can perform the essential functions of the job (specified in the job description). Essential functions are defined as the fundamental duties of the employment position the individual seeks to hold.

The Application Process

1. The application process must not work to eliminate persons with disabilities on the basis of their disabilities.

2. The application form must be made accessible in many ways, including the following: mailing the form to a potential applicant, making forms available in an accessible building, permitting the applicant to apply in another manner.

3. Employers may tell applicants what the hiring process involves and may ask applicants whether they will need a reasonable accommodation for the process.

Pre-employment Inquiries/Questions in the Interview

1. Ask only those questions which will elicit information used to determine job-related qualifications. Questions should be designed to determine whether the applicant can perform specific functions of the position, with or without reasonable accommodation.

2. Employers may not make inquiry into the existence, nature, or severity of a disability. An employer may ask if the applicant can do the tasks set out in the job description with reasonable accommodation.
REFERENCE CHECK FORM

**Note:** Formula(s) for advancing hiring schedule each year:

**Formula A - When raises are % of teachers pay:**

- Step 0 of new schedule = (% raise x .90) * Step 0 + Step 0
- Step 1 of new schedule = % raise x Step 0 + Step 0
- Step 2 of new schedule = % raise x Step 1 + Step 1
- Step 3 of new schedule = % raise x Step 2 + Step 2
- Step 4 of new schedule = % raise x Step 3 + Step 3

**Formula B - When raises are flat dollar amount for each teacher:**

- Raise = Total $ available for raise divide by # FTE = Flat $ Amount per Full time Teacher
- Step 0 of new schedule = ($ raise x .90) + Step 0
- Step 1 of new schedule = $ raise + Step 0
- Step 2 of new schedule = $ raise + Step 1
- Step 3 of new schedule = $ raise + Step 2
- Step 4 of new schedule = $ raise + Step 3

2015
EXTRA DUTY SCHEDULE 2015-2016

The base salary for calculation of extra duty salary includes both the salary increase and the wellness incentive. To determine the point value for extra duty salaries, each point will equal 1.3 percent of the extra duty base salary. The extra duty base salary represents the previous year's extra duty base salary plus the full % raise teachers received. 2015-16 = $35,706 (14-15 extra duty base) x 1.05% = $37,490 * 1.3% = $487 per unit. The extra duty base salary will increase at a rate equal to the average teacher salary increase. The extra duty base salary is not the base salary on the teacher hiring schedule.

Wages are to be paid only for days driven. We do not pay for vacation periods or days when school is not in session.

Pay scale is a daily rate so we will not pay extra for minor breakdown, bad weather, or other delays.

Extra pay will be allowed if driver is required by the school administration to make an extra run during the day, such as for conferences.

Rates of pay will be established each year based on the mileage for each established route. We have no salary guarantees from one year to the next. Experience rating is the only carryover.

Drivers for activity trips will be chosen from those who volunteer for such service and who we feel are fully qualified for this duty. Pay will be on an hourly basis of $25.00 per hour.

Substitute drivers will be paid $25.00 per hour or the applicable daily rate of pay from the route salary schedule if traveling in the country.

If buses or vans are stored at a driver’s residence, we will allow the following for electrical tank heaters:

- $75.00 per year for 1000 watt heaters
- $100.00 per year for 1500 watt heaters
- $125.00 per year for 2500 watt heaters

This allowance will be paid in February.
