1. Legislative Function

The Board of Education shall formulate policies for the general management of all schools within the district.

2. Executive Function

The Board of Education shall delegate to the superintendent as per job description its executive and administrative duties and responsibilities necessary for carrying out its policies and shall hold him/her responsible and accountable.

3. Appraisal Function

The Board of Education shall hold the superintendent responsible for furnishing complete information necessary for the Board's evaluation of the school program.
