Subject: Breaking of Contract / Thank you for the opportunity

Good afternoon,

I regret to inform you that I will not be teaching in Huron next year and I need to break my contract. A job opportunity came up in the town that I live in and I have accepted it. It was a very hard decision because I have loved my time teaching at Madison and I have grown so much the past two years. The travel to and from school was very daunting with winter weather and my family and I decided it is in my best interest to work closer to home. Thank you for the opportunity to work at Madison. I am still teaching summer school for Huron, so I will not have time to immediately move my things out of the classroom. I am hoping to have everything out by Tuesday (next week) if that is okay. Again, thank you for letting me spend two years in your district. Is there anyone else I need to email and let know that I will not be returning? Let me know. Thanks.

Bullying Prevention Data Collection

2022 - 2023 School Year

The superintendent is responsible to monitor the effectiveness of the bullying/harassment prevention efforts and the timely reporting to the Board of Education. The principal will annually report to the superintendent the number and type of complaints investigated under this policy and the results, including disciplinary actions taken and the effectiveness of those actions, including follow-up contacts. The documentation supplied by the building principals will be reviewed by central administration to coordinate data district-wide and formulate a comprehensive report. The report will include the number and type of complaints filed under this policy with comparative data from previous years as it becomes available. The report may also include district-wide or individual building survey results related to bullying and harassment.

HMS: Good afternoon!

I am sending this information out now since I will be gone for the rest of the week. Below is a video I would like you to play for your homeroom students on Friday October 7th to kickstart the educational portion of what we are doing for bullying prevention month. After the video you will do a scavenger hunt within your classroom with your students. I have packets all ready to go and Rita will put them in your mailbox on Friday (September 30th) so you have them a week ahead of time. I will be back on October 4th so if you have questions or need anything before you do the activities with the students on the 7th I will be around to help.

Students are taught about district bullying forms at the beginning of the school year.

Homeroom activities come from the counseling office weekly- Choose Love curriculum.

7th and 8th grade students work with counselors to provide mentoring for students at the Madison 2/3 Center.

Climate surveys are administered each spring to evaluate concerns at HMS. Data is reviewed annually.

HMS counseling office hosted and Kindness Challenge in January. Students were asked to report acts of kindness to the office for prize drawings to be held weekly.

HHS: Bullying is one of the topics Mr. Radke and Mr. Mittelstedt cover with the freshmen during orientation. They also discuss the issue with each class during the first day of school. Additionally, each homeroom teacher covers the school policy on bullying and Mr. Radke and Mr. Mittelstedt meet with the sophomores and freshmen in October to discuss bullying and technology safety. Mr. Mittelstedt handles 90% of the bullying reports and educating the students involved is always part of his process. I believe that is a big part of the reason we rarely have repeat offenders.

Huron Colony: Bullying is strictly prohibited in the school.

Riverside Colony: Bullying is strictly prohibited in the school
