Title I of the Improving America’s Schools Act requires the school district to establish comparability policies. The policies set forth below have been adopted by the Huron school district to ensure equivalence among schools within organizational levels.

1) This district has established a district-wide salary/hiring schedule. This salary/hiring schedule is implemented without regard to Title I staffing in eligible attendance areas.

2) It is the policy of this district that employment of teachers, administrators, and auxiliary personnel from state and local funds shall be equivalent among schools without regard to Title I staff employed in eligible attendance areas. For the purpose of this policy, equivalence shall mean that when teachers, administrators, and auxiliary personnel are assigned to schools, staff/student ratios shall be determined in order that services with state and local funds in schools receiving Title I services are at least comparable to services provided among schools of the districts which are not receiving Title I funds.

3) It is the policy of this district that provisions for curriculum materials and instructional supplies shall be equivalent among schools without regard for Title I funding.

The Huron school district will not discriminate in any of its policies and programs on the basis of age, race, color, creed, national origin, ancestry, religion, sex, marital status, or disability, and will not violate any provisions of applicable federal programs, statutes or regulations (e.g., Title IX, Title I, Rehabilitation Act, Americans with Disabilities Act [ADA], Section 504, etc.).

Definitions

A. A grievance is a complaint made by a student, parent, or other patron of the district, an employee, employee representatives, or other concerned groups or advisory organizations based upon or concerning an alleged violation, misinterpretation or inequitable application of any existing policy, rule, regulation, or program of the school district, state or federal statutes/regulations, regarding discrimination or concerning violations of Title IX, Title I, 504, ADA, and/or federal programs.

B. An employee is considered to mean all persons employed by the school district.

C. A student is considered to mean all persons enrolled in the school district.

D. An aggrieved person is the individual making the claim.

E. The board means the board of education of the Huron school district.

F. Days shall mean calendar days.

Informal Procedure

Any person wishing to pursue the filing of a grievance should first utilize normal channels of communication, involving the teacher, administrator, or board in an attempt to seek clarification of areas of concern and resolution of the problem. It is of utmost importance that prior to filing a grievance, students and employees first discuss areas of concern with their immediate supervisor to whom they are directly responsible.
Formal Procedure

**Level I**
A grievance should be filed in writing within a reasonable amount of time after the grievant knew, or should have known, of the act or condition on which the grievance is based. The grievant shall file a formal grievance in writing with the Title IX coordinator/Title I coordinator/504 coordinator/ADA coordinator/and/or federal programs coordinator. Such coordinator or his/her designee shall act upon said grievance within seven days. If the grievant is not satisfied with this disposition of the complaint at this level, or if this level is inapplicable, grievant may proceed to Level II.

**Level II**
Within three days after disposition at Level I, grievant may file in writing a grievance with the superintendent, stating the full nature of the complaint and the procedural history to date, including the disposition at Level I and the remedy requested. The superintendent shall act on said grievance within ten days.

**Level III**
If the aggrieved is not satisfied with the disposition of the grievance at Level II, he or she shall within five days thereafter, transmit it by letter to the business manager with a statement of reasons why it is being appealed.

At its next regular meeting, the board or its designated agent, shall consider the grievance or may designate a committee which may or may not include the board members to hold a hearing or otherwise investigate the grievance or prescribe such procedure as it may deem appropriate for consideration of the grievance. The hearing or other manner prescribed shall provide, if requested, an opportunity for the complainant or the complainant's representative, or both, to present evidence, including an opportunity to question parties involved. The board shall make a final decision thereon at the following regular or special board meeting.

**Level IV**
If the aggrieved is not satisfied with the disposition of the grievance at Level III, he/she may appeal the final resolution of the local educational agency to a state educational agency within 30 days after receipt of the written decision. The appeal may be submitted to the South Dakota Division of Human Rights or the Office of Civil Rights.

Drug-Free Workplace

It is the policy of the Board of Education to provide a drug-free workplace and to work toward a drug-free society. It is the goal of the district to prevent the illicit use of controlled substances and alcohol.

The unlawful manufacture, or the distribution, dispensing, use, possession, or being under the influence of controlled substances and/or alcohol by any employee during the work day, at any school activity, or while in the performance of his/her employment by the district wherever located, is absolutely prohibited. Violation of this rule by any employee will constitute insubordination and will be cause for disciplinary action up to and including termination of employment and referral for prosecution. In appropriate circumstances, disciplinary action may include completion of an approved rehabilitation program at the employee’s expense; however, any applicable insurance benefits will be applied.

For purposes of this policy, controlled substances include, but are not limited to, narcotics, drugs, hallucinogenic, or mind-altering drugs or substance, amphetamines, barbiturates, stimulants, depressants, marijuana, anabolic steroids, and any other controlled substance as defined in law, or any prescription medicine, or other chemical substances not taken in accordance with a medical provider’s prescription. This definition also includes substances presented to be any such controlled substance or which an employee believes to be such a substance.
Drug Use by Students

PHILOSOPHY

The Huron public school district #2-2 recognizes that chemical abuse/dependency is a concern that needs to be addressed by the school and the community. Chemical dependency problems often interfere with school behavior, student learning, and the fullest possible development of each student.

The use or possession of alcoholic beverages or any controlled substance, by any student on any school property or while attending any school related function is prohibited. No student shall be intoxicated, use, sell, distribute, buy, receive, be under the influence of, or in the possession of a controlled substance. Students who use prescription drugs authorized by a licensed medical provider, do not violate this policy if the students conform to the prescription requirements and appropriate school policies.

For purposes of this policy, controlled substances include, but are not limited to, narcotics, drugs, hallucinogenic, or mind-altering drugs or substance, amphetamines, barbiturates, stimulants, depressants, marijuana, anabolic steroids, synthetic drugs, bath salts, and any other controlled substance as defined in law, or any prescription medicine, or other chemical substances not taken in accordance with a medical provider’s prescription. This definition also includes substances presented to be any such controlled substance or which an employee believes to be such a substance.

The Huron public school district is committed to the development and the implementation of programs and policies which contribute to the well being of students through prevention, intervention, after-care, and staff development. The major components of our approach to chemical abuse are defined as follows:

1. **Prevention**
   An educational process that promotes the development of a healthy self-attitude and provides individuals with information and interactions needed to make responsible decisions regarding chemical use.

2. **Intervention**
   An established process in which caring persons confront an individual with data regarding his/her chemically-related behaviors in an effort to encourage that individual to seek appropriate corrective measures.

3. **After-care**
   Information on community support systems, individual counseling through school counselors as deemed necessary by the student, parents, administration, and chemical health facility.

4. **Staff Development**
   A process through which individuals acquire the knowledge and skills required to constructively respond to the problems of chemical abuse.

A biennial review of this policy will be conducted to insure that current and effective measures are being taken to meet the needs of the students.
Drug Use By Employees

It is the policy of the Board of Education to provide a drug-free workplace and to work toward a drug-free society. It is the goal of the district to prevent the illicit use of controlled substances and alcohol.

The unlawful manufacture, or the distribution, dispensing, use, possession, or being under the influence of controlled substances and/or alcohol by any employee during the work day, at any school activity, or while in the performance of his/her employment by the district wherever located, is absolutely prohibited. Violation of this rule by any employee will constitute insubordination and will be cause for disciplinary action up to and including termination of employment and referral for prosecution. In appropriate circumstances, disciplinary action may include completion of an approved rehabilitation program at the employee’s expense; however, any applicable insurance benefits will be applied.

For purposes of this policy, controlled substances include, but are not limited to, narcotics, drugs, hallucinogenic, or mind-altering drugs or substance, amphetamines, barbiturates, stimulants, depressants, marijuana, anabolic steroids, synthetic drugs, bath salts, and any other controlled substance as defined in law, or any prescription medicine, or other chemical substances not taken in accordance with a medical provider’s prescription. This definition also includes substances presented to be any such controlled substance or which an employee believes to be such a substance.
Complaint Policy for Federal Programs

A parent, student, employee, or district stakeholder who has a complaint regarding the use of federal NCLB funds and is unable to solve the issue, may address the complaint in writing to the District's superintendent.

Disputes addressing the enrollment, transportation (including inter-district disputes), and other barriers to the education of children and youth experiencing homelessness are also addressed under this procedure. Parents, guardians, and unaccompanied youth may initiate the dispute resolution process directly at the school they choose, as well as at the District or District's homeless liaison's office. The parent or guardian or unaccompanied youth shall be provided with a written explanation of the school's decision including the rights of the parent, guardian, or youth to appeal the decision. Students should be provided with all services for which they are eligible while disputes are resolved.

- The Superintendent will investigate, within one week, the circumstances of the complaint and render a decision, within two weeks, after receipt of the complaint.
- The Superintendent will notify the complainant of the decision in writing.
- The complainant will be allowed one week to react to the decision before it becomes final.
- The complainant will either accept or disagree with the decision and will provide such acknowledgment in writing, addressed to the District's Superintendent.
- If the issue is not resolved with the Superintendent, the complaint will be forwarded to the District's Board of Education for further review. The parent or guardian or unaccompanied youth shall be provided with a written explanation of the District's decision including the rights of the parent, guardian, or youth to appeal the decision.
- Unresolved complaints may be forwarded by the stakeholder to the South Dakota Department of Education for review. (Consult SD Department of Education Complaint Procedure)
District-Wide Title I Parental Involvement Policy

NOTE: In support of strengthening student academic achievement, each local educational agency (LEA or school district) that receives Title I, Part A funds must develop jointly with, agree on with, and distribute to, parents of participating children a written parental involvement policy that contains information required by Section 1118(a)(2) of the Elementary and Secondary Education Act (ESEA) (district-wide parental involvement policy). The policy establishes the LEA’s expectations for parental involvement and describes how the LEA will implement a number of specific parental involvement activities, and is incorporated into the LEA’s plan submitted to the State Educational Agency (SEA).

The Huron School District agrees to implement the following statutory requirements:

1) The school district will put into operation programs, activities, and procedures for the involvement of parents in all of its schools with Title I, Part A programs, consistent with Section 1118 of the Elementary and Secondary Education Act (ESEA). Those programs, activities, and procedures will be planned and operated with meaningful consultation with parents of participating children.

2) Consistent with Section 1118, the school district will work with its schools to ensure that the required school-level parental involvement policies meet the requirements of Section 1118(b) of the ESEA, and each include, as a component, a school-parent compact consistent with Section 1118(d) of the ESEA.

3) The Huron School District will take the following actions to involve parents in the joint development of its district-wide parental involvement plan under Section 1112 of the ESEA:

   Parent representatives will be invited on an annual basis to participate in the district’s development of the consolidated plan that is submitted to the South Dakota Department of Education.

4) The Huron School District will take the following actions to involve parents in the process of school review and improvement under Section 1116 of the ESEA:

   Each year parents will be invited to participate in meaningful discussions to review and provide input for suggestions they might have related to revisions/improvement to the district’s parent involvement policy and their individual building level parent involvement policy as well as school-parent compacts.

5) The Huron School District will provide the following necessary coordination, technical assistance, and other support to assist Title I, Part A schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance:
DISTRICT-WIDE TITLE I PARENTAL INVOLVEMENT POLICY

Each year a district-wide Title I advisory meeting will be held for parents to participate in discussion related to district and building-level goals related for parental involvement activities to enhance academic achievement and school performance.

6) The Huron School District will coordinate and integrate parental involvement strategies in Part A with parental involvement strategies under the following other programs:

   a. Parents with children supported by Title I, Part A funds will be invited to participate in training provided by their child's individual Title I school, Head Start, Even Start, and Birth to Three to integrate strategies between and within each of these programs.

7) The Huron School District will take the following actions to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the quality of its Title I, Part A schools. The evaluation will include identifying barriers to greater participation by parents in parental involvement activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The district will use the finding of the evaluation about its parental involvement policy and activities to design strategies for more effective parental involvement, and to revise, if necessary, (and with the involvement of parents) its parental involvement policies:

   a. Each spring parents will be invited by school district/building-level personnel to participate in an advisory meeting to review the district parental involvement policy as well as their building level parent involvement policy and parent-teacher compacts. Input from the parents and other members of the community will then be used in revising/improving parental involvement throughout the district and individual buildings.

8) The Huron School District will build the schools' and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement, through the following activities specifically described below.

   a. The Huron School District will, with the assistance of its Title I, Part A schools, provide assistance to parents of children served by the school district or school, as appropriate, in understanding topics such as the following, by undertaking the actions described in this paragraph—
District-Wide Title I Parental Involvement Policy

- the State's academic content standards,
- the State's student academic achievement standards, the state and local academic assessments including alternate assessments,
- the requirements of Part A,
- how to monitor their child's progress, and
- how to work with educators.

Small group meetings and conferences will be held throughout the school year as well as home visits. Printed material will also be used as a vehicle to help parents better understand the State's content standards, state and local assessments, and how to monitor their own children's progress (e.g., Parent Portal) and suggestions on how to communicate with school personnel.

b. The Huron School District will, with the assistance of its schools, provide materials and training to help parents work with their children to improve their children's academic achievement, such as literacy training, and using technology, as appropriate, to foster parental involvement by:

The holding of parental involvement activities at least quarterly in the Title I buildings will provide parents with resources and training in how to improve their own children's achievement in the areas of literacy, math skills, use of technology, etc. The district will provide support to the building personnel in identifying resources (e.g., presenters, trainers, topics) to meet their individual building needs.

c. The Huron School District will, with the assistance of its schools and parents, educate its teachers, pupil services personnel, principal and other staff, in how to reach out to, communicate with, and work with parents as equal partners, in the value and utility of contributions of parents, and in how to implement and coordinate parent programs and build ties between parents and schools by:

All new teachers in the district will be provided with an initial training on how to communicate successfully with parents in a meaningful and helpful manner. Also, all staff members will be provided opportunities on an annual basis to update their skills in the same manner.

d. The Huron School District will, to the extent feasible and appropriate, coordinate and integrate parental involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support
District-Wide Title I Parental Involvement Policy

parents in more fully participating in the education of their children, by:

A district-wide Title I parent advisory meeting will be held each year to help facilitate the sharing of opportunities for future trainings and activities provided by the various resources (e.g., Head Start, Even Start, Birth to Three, Community Counseling Services, etc.) within the community, as well as, accessing Parent Connection and the parent resource center that is provided at the state level.

e. The Huron School District will take the following actions to ensure that information related to the school and parent programs, meetings, and other activities, is sent to the parents of participating children in an understandable and uniform format, including alternative formats upon request, and, to the extent practicable, in a language the parents can understand:

Every effort will be made to provide information about school and community activities, meetings, etc. in understandable (e.g., first language translations) format minus “educationeze.” This will include interpreters for the deaf and hard-of-hearing, as well as second language needs.

Dear Carol Thompson:

Please accept this as my official resignation. The past 7 months that I have worked for you and the middle school have been great. I enjoyed working with the elementary students and helping to prepare their lunch. However, I need to be employed full time. I appreciate the chance to work there and would be interested in working there again if a full time, year round, position opened up.

Thank you again for the opportunity.

SDCL 3-23-6 states:

"[n]o board member, fiscal agent, officer, or executive of a local service agency, school district, cooperative education service unit, education service agency, nonprofit education service agency, or jointly governed education service entity that receives money from or through the state may have an interest in a contract nor receive a direct benefit from a contract that the local service agency, school district, cooperative education service unit, education service agency, nonprofit education service agency, or jointly governed education service entity is a party to the contract except as provided in § 3-23-8."

This policy prohibits school board members, the school district fiscal agent (business manager), school officers and executives (school administrators) from having an interest in a contract, or receiving a direct benefit from a contract, if the school district is a party to that contract or has a separate contract which is related to the contract of the school board member, business manager or school administrator, unless the school board grants a waiver. Disclosure requirements apply to public contracts for labor or services to be rendered, the purchase of commodities, materials, supplies, or equipment of any kind, and any kind of contract related to facilities.

Disclosure is required by the school board member, the business manager or a school administrator in each of the following situations:

1. When the school board member, business manager or school administrator has an interest in a contract or receives a direct benefit from a contract.

2. If the spouse of the school board member, business manager or school administrator has an interest in a contract or receives a direct benefit from a contract.

3. If another person with whom the school board member, business manager or school administrator lives and commingles assets has an interest in a contract or receives a direct benefit from a contract.
CONFLICT OF INTEREST DISCLOSURE AND AUTHORIZATION

SDCL 3-23-6 states:

"3-23-6. I. DEFINITIONS:

If in doubt whether an actual conflict exists, this policy also requires disclosure of possible or potential conflicts.

If other specific conflict of interest laws or administrative regulations relating to school board members, school administrators and the school business manager apply in addition to SDCL Ch. 3-23 and this policy, the more restrictive conflict of interest law shall apply.

Any school board member, school administrator or school business manager who knowingly violates SDCL Ch. 3-23 commits a criminal offense (Class 1 misdemeanor). Any school board member who knowingly violates the provisions of this policy is subject to being removed as a school board member. Any school administrator or business manager who knowingly violates the provisions of this policy is subject to his or her employment relationship with the school district being terminated.

Unless the school board has granted a waiver, the contract in which the school board member, school administrator or school business manager has an interest or receives a direct benefit is voidable by the school board and any benefit received

III. EXCEPTIONS:

when the person’s relationship to the contract is due to participating in a vote or a decision in which the person’s only interest arises from an act of general application;

when the person’s relationship to the contract is due to the person receiving income as an employee or independent contractor of a party with whom the local service agency, school district, cooperative education service unit, or education service agency has a contract, unless the person receives compensation or a

1. The school board member, school administrator or school business manager provides a full written disclosure to the school board;

2. The school board reviews the essential terms of the contract or transaction and the school board member's, school administrators' or school business manager's role in the contract or transaction;

The school board will have a regular agenda item at the beginning of the school board meeting agenda at which time the school board will address conflict of interest disclosures.

Conflict of interest disclosures must be submitted to the President of the School Board, the Superintendent or the Business Manager, at least 5 calendar days before the scheduled meeting in order to be included in the posted meeting agenda for the next school board meeting. 7. The School District Attorney may answer general questions about the applicability of SDCL Ch. 3-23 or about the other laws that address conflict of interest. However, the school district attorney represents the school district and the school board, and not school board members, school administrators, or the school business manager, in their individual capacities. School board members, school administrators, and the school business manager should contact a private attorney if they have questions as to how SDCL Ch. 3-23 and this policy apply to their individual interests and contracts.

BOARD ACTION ON A REQUEST FOR WAIVER:

School Boards will have a regular agenda item at the beginning of the school board meeting agenda when the school board will address disclosures and requests for a waiver.

Disclosures and requests for a waiver submitted to the President/Chairperson of the School Board, the Superintendent or the Business Manager, at least 5 calendar days before the scheduled meeting will be included in the posted agenda and acted upon at the next scheduled meeting.

Disclosures and requests received by the President/Chairperson of the School Board, the Superintendent or the Business Manager less than 5 calendar days before the scheduled meeting may be deferred until the following school board meeting.

If possible, waiver requests will be acted upon at the meeting in which the request is brought forth. If the school board believes the request form information is incomplete, the school board must ask the person requesting the waiver for additional information. The Board will avoid using an incomplete request form as the basis for extending the time for review and decision on the waiver request; the school board may receive the needed information from the requesting party at the school board meeting when the waiver request is being addressed.

When considering a waiver request, the school board should be able to determine the requesting party's relationship to the contract, the requesting party's

If the school board votes to not authorize a direct benefit, the contract is voidable and subject to disgorgement (i.e., the act of giving up on demand or by legal compulsion something that was obtained by illegal or unethical acts) or the person may resign from the school district.

The disclosure and school board action is public record.

The official minutes of the school board shall include the school board action on each disclosure and request for authorization to derive a direct benefit from a contract. A copy of the official school board minutes shall be sent to the auditor-general and attorney general within thirty (30) days of board approval of the minutes.

No school board member may participate in or vote upon a relating to a matter in which the school board member derives a direct benefit.

relationship to the outside contracting party, whether the contract terms are reasonable and in the public interest, and any other factors the school board believes will help establish the relevant facts and circumstances surrounding the contract(s) and the request for waiver.

At the meeting when the waiver request will be considered by the board, the school board member, school administrator or school business manager submitting the waiver request must be present and prepared to answer questions from the school board about the request for a waiver.

The request and the Board's determination must be included in the minutes of the meeting.

If the authorization is granted, a written authorization [Exhibit AH-E(2)] shall be prepared following the meeting and signed by the President/Chair of the School Board or other authorized School Board Member, and filed with the Auditor General.

Note: School Boards need to consult with their school attorney before the school board goes into executive session to discuss a disclosure and waiver request. Only upon the recommendation of the school attorney should the School Board discuss the disclosure and request in executive session.
Any contract made in violation of this policy may be voided by the school board.

The School District Attorney represents the school district and the school board and may answer questions about the law that address conflict of interest. As the school district attorney does not represent School Officials in their individual capacity, School Officials should consult with their own private attorney related to questions they may have regarding how this policy applies to their individual interests and contracts.
