   a) 

8. CONSENT AGENDA
The Superintendent of Schools recommends approval of the following:
   a) Board Approval of New Hires
      As was mentioned previously, classified personnel and substitute teachers/classroom aides must be approved in order to be covered by our workers’ compensation plan.
      1) Josee Schwartz / Substitute Teacher / $100.00 per day
      2) Heather Sieh / Classroom Leader - $17.02 per hour / Site Supervisor Substitute - $33.77 per hour
   b) Contracts for Board Approval
      1) Kate Ashbaugh / 2nd Grade Teacher @ Madison 2-3 Center / $46,843
      2) Amanda Blank / Special Education Teacher – HHS / $41,967
      3) Travis Ladwig / 3rd Grade Teacher @ Madison 2-3 Center / $41,967
   c) Resignations for Board Approval
      1) Chris Hruby / Head Grounds Keeper/Maintenance / 5 years
d) **Consideration and Approval of Bills** – See attached list

e) **Approve Substitute Compensation for Interim Assistant Principals**

(The consent agenda may be approved with one motion. However, if a board member wishes to separate an item for discussion, he may do so.)

9. **Recognition of Interim Assistant Principals**

10. **CELEBRATE SUCCESSES IN THE DISTRICT:**
**CONGRATULATIONS:**

- Tye Evers (Sr.) – Selected All ESD and All-Tournament Team Boys’ Basketball.
- HMS “Destination Imagination” on being the recipient of a $1,000 grant from Dakota Provisions.
- Charlie Warner (Custodian - Huron Arena) on the birth of a new grandson, Maximus Oliver, born on March 13th.
- Aubrey Rutledge (8th) on placing 5th at the SD Scripps Spelling Bee in Vermillion.

**THANK YOU TO:**

- Modern Woodman for matching funds with the HHS Junior Class Krispy Kreme fundraiser for prom. The amount matched was $2,500 and will allow the junior class to be able to host a wonderful prom with beautiful decorations.
- Greg Palmer and the Dakota Energy Cooperative for a very informative presentation on electricity presented to the 4th & 5th graders at the Washington 4-5 Center.

11. **REPORTS TO THE BOARD:**

a) **Good News Report – Madison 2-3 Center** – Rita Baszler – “Kinsa Smart Thermometer”

b) **LAN Report** – Tim Van Berkum

c) **Classified Employee of the Month – Presented by Kathie Bostrom**

Cindy Eckmann, Transportation Department - Driver & Office Assistant, has been selected as Classified Employee of the Month for May 2017. Nomination comments are included in this packet. Congratulations Cindy!

d) **Business Manager’s Report**

e) **Superintendent’s Report**

Start Date: March 27, 2017

Requested by: Sherri Nelson
TEACHER’S CONTRACT
Huron School District No. 2-2, Huron, South Dakota

Kate Ashbaugh

YOU ARE HEREBY OFFICIALLY NOTIFIED, that you have been elected as a Teacher in the Huron School District No. 2-2, whose address is City of Huron on the annual salary basis of $46843 for the school term, or the remaining part thereof, of the designated number of teaching days, inclusive of days arranged for pre-school planning, beginning 8/21/2017 and subject to the calendar, or modifications of the same, as adopted by the Board of Education. The salary is to be paid the twentieth day of each of the twelve calendar months.

Your election is subject to the school laws of the State of South Dakota and to the salary schedule and contractual elements rules and regulations of the Board of Education of the Huron School District No. 2-2, which are hereby by reference, incorporated in and made a part of this contract as though set forth herein at length, subject to the right of said Board to terminate the contract for cause, to be determined upon by the Board.

It is further contracted and agreed that your failure to complete the term of teaching prescribed herein for any cause, including but not limited to dismissal or resignation, constitutes a financial damage to the Huron School District No. 2-2 and that from the nature of the case it might be impractical or difficult to fix the actual damage. THEREFORE, it is understood and agreed that your failure to complete the term provided herein shall result in the following liquidated damages: failures occurring between the date signed and approved by the School Board through June 30 for the ensuing year, damages shall be assessed at $1,000.00. For breaking a contract July 1 through July 31, damages shall be assessed at $2,000.00 and breaking of contract August 1 and for the duration of the first semester, damages shall be assessed at $3,000.00. Damages will be assessed at $1,500.00 for breaking of a contract anytime during the 2nd semester. The Board reserves the right to request the Department of Education to suspend the employee’s certification for one year in lieu of monetary damages in accordance with SDCL 13-42-9. Teachers who are not full-time employees of the District shall be assessed damages at a percentage which matches their percent of employment.

It is further understood and agreed that resignations shall not become effective until approved by the Board of Education at the next meeting following receipt of said resignation. Further, it is hereby agreed that you will pay to the Huron School District No. 2-2, or the Huron School District No. 2-2 will withhold or appropriate from any monies owed by them to you, and you hereby authorize such withholding or appropriation, the appropriate sum herein above set forth as liquidated damages due to your failure to complete said term.

This agreement becomes a binding contract when signed by the teacher and the Board of Education.

MS
Hired 2017-18 w/MS and 14 years of teaching experience.

Agreeing to this contract includes the following: Teachers new to the District are expected to work an additional 5 days beginning August 21. During this time, the teacher will receive appropriate training in District programs, and will have time to become adequately prepared for the new school year.

For those electing the Wellness Benefit, an additional $500 will be paid in September. The benefit is NOT reflected in the contract total.

SCHOOL DISTRICT NO. 2-2 OF THE CITY OF HURON, BEADLE COUNTY, SOUTH DAKOTA

ATTEST:

................................. ................................
Business Manager of the School District Chairman of School District Board

TO THE BOARD OF EDUCATION OF THE HURON SCHOOL DISTRICT NO. 2-2

Classified Employee of the Month

Name  Cindy Eckmann
Position  Transportation Department – Driver & Office Assistant
Date  May 2017

If I had to sum up with one phrase what best describes Cindy it would have to be EXTREME DEDICATION.

Time and time again Cindy has been called upon to do an extra task here and there, both as a bus driver and as an assistant in the Transportation Department office. She never balks, nor does she ever complain. She just wants to know what else she can do to help this department be its best.

Cindy is always searching for ways to better the bus ride in terms of safety and timeliness considerations for the students that she transports. This is especially evident in the extra route that she is assigned taking students home from the after school programs at the Middle School and Washington 4-5 Learning Center. This assignment keeps her in the bus 3 nights a week until around 5:30 pm. Her only comment is how bad she feels for the kids that are getting home so late.

I have known Cindy since I moved to Huron in 1986. We have worked in the same field together most all of those years and I have always respected her professionalism in the performance of her job. It has been my great pleasure and a huge benefit to me to be able to work side by side with Cindy in the Transportation Department. Her work performance never varies from detailed, complete, and timely. She is very rarely absent, always on time, willingly accepts last minute assignments, and has been a great partner to brainstorm with.

Cindy Eckmann, you are one of those rare employees, that as a supervisor, I wish I could clone. I'm very grateful for and indebted to you for choosing to work for the Huron School District Transportation Department.

Gratefully,

Katrin Bostrom

Nutrition........................................................................6

Physical Activity..............................................................10

Other Activities that Promote Student Wellness..............................11

Glossary........................................................................12

Appendix A: School Level Contacts...........................................13
Preamble

Huron Public School District (hereafter referred to as the District) is committed to the optimal development of every student. The District believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture’s (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. 1,2,3,4,5,6,7

Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. 8,9,10

In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically. 11,12,13,14

Finally, there is evidence that adequate hydration is associated with better cognitive performance. 15, 16, 17

This policy outlines the District’s approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions.

Specifically, this policy establishes goals and procedures to ensure that:

- Students in the District have access to healthy foods throughout the school day – both through reimbursable school meals and other foods available throughout the school campus– in accordance with Federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Students have opportunities to be physically active during and after school;
- Schools engage in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the District in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The District establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of the policy and its established goals and objectives. This policy applies to all students, staff and schools in the District. Specific measureable goals and outcomes are identified within each section below.
I. School Wellness Committee

Committee Role and Membership

The District will convene a representative district wellness committee (hereafter referred to as the local wellness committee or work within an existing school health committee) periodically to establish goals for and oversee school health and safety policies and programs, including development, implementation and periodic review and update of this district-level wellness policy (hereafter referred to as “wellness policy”). The local wellness committee membership will represent all school levels (elementary and secondary schools) and include (to the extent possible), but not be limited to: parents and caregivers; students; representatives of the school nutrition program (e.g., school nutrition director); physical education teachers; health education teachers; school health professionals (e.g., health education teachers, school health services staff [e.g., nurses, physicians, dentists, health educators, and other allied health personnel who provide school health services], school administrators (e.g., superintendent, principal, vice principal), school board members; health professionals (e.g., dietitians, doctors, nurses, dentists); and the general public. The name(s), title(s), and contact information (email address is sufficient) of this/these individual(s) is (are): (Wellness Policy Committee).

Leadership

The Superintendent or designee(s) will convene the local wellness committee and facilitate development of and updates to the wellness policy, and will ensure each school’s compliance with the policy. Designated official for oversight Carol Tompkins, Nutrition Director, carol.tompkins@k12.sd.us

Each school will designate a school wellness policy coordinator, who ensures compliance with the policy.

Buchanan K-1 Center - Jessica Van Diepen, School Nurse, Jessica.VanDiepen@k12.sd.us
Madison 2-3 Center - Rita Baszler, School Nurse, Rita.Baszler@k12.sd.us
Washington 4-5 Center - Rita Baszler, School Nurse, Rita.Baszler@k12.sd.us
Middle School - Raleigh Larsen, School Nurse, Raleigh.Larson@k12.sd.us
High School - Jessica Van Diepen, School Nurse, Jessica.VanDiepen@k12.sd.us
II. Wellness Policy Implementation, Monitoring, Accountability and Community Engagement

Implementation Plan

The District will develop and maintain a plan for implementation to manage and coordinate the execution of this wellness policy. The plan delineates roles, responsibilities, actions and timelines specific to each school; and includes information about responsibilities, specific goals, and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness. It is recommended that the school use the Healthy Schools Program online tools to complete a school-level assessment based on the Centers for Disease Control and Prevention’s School Health Index, create an action plan that fosters implementation and generate an annual progress report. This wellness policy and the progress reports can be found at: [www.huron.k12.sd.us](http://www.huron.k12.sd.us/) Look under the Food and Nutrition tab for wellness policy progress reports.

Recordkeeping

The District will retain records to document compliance with the requirements of the wellness policy at Nutrition Office and the District website for three years past the current year. Documentation maintained in location will include but will not be limited to:

- The written wellness policy;
- Documentation demonstrating that the policy has been made available to the public;
- Documentation of efforts to review and update the Local Schools Wellness Policy; including an indication of who is involved in the update and methods the district uses to make stakeholders aware of their ability to participate on the local wellness committee;
- Documentation to demonstrate compliance with the annual public notification requirements;
- The most recent assessment on the implementation of the local school wellness policy;
- Documentation demonstrating the most recent assessment on the implementation of the Local School Wellness Policy has been made available to the public.

Annual Notification of Policy

The District will actively inform families and the public each year of basic information about this policy, including its content, any updates to the policy and implementation status. The District will make this information available via the district website and/or district-wide communications. The District will provide as much information as possible about the school nutrition environment. This will include a summary of the District’s (or schools’) events or activities related to wellness policy implementation. Annually, the District will also publicize the name and contact information of the District/school officials leading and coordinating the committee, as well as information on how the public can get involved with the school wellness committee.

Triennial Progress Assessments

At least once every three years, the District will evaluate compliance with the wellness policy to assess the implementation of the policy and include:

- The extent to which schools under the jurisdiction of the District are in compliance with the wellness policy;
- The extent to which the District’s wellness policy compares to a model policy (like the Alliance for a Healthier Generation’s model wellness policy or the State Model Wellness Policy); and
- A description of the progress made in attaining the goals of the District’s wellness policy.
The position/person responsible for managing the triennial assessment and contact information is Carol Tompkins, Nutrition Director. Email address carol.tompkins@k12.sd.us

The local wellness committee, in collaboration with individual schools, will monitor schools’ compliance with this wellness policy. The District will actively notify households/families of the availability of the triennial progress report.

Revisions and Updating the Policy

The local wellness committee will update or modify the wellness policy based on the results of the annual School Health Index and triennial assessments and/or as District priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. The wellness policy will be assessed and updated as indicated at least every three years, following the triennial assessment.

Community Involvement, Outreach and Communications

The District is committed to being responsive to community input, which begins with awareness of the wellness policy. The District will actively communicate ways in which representatives of local wellness committee and others can participate in the development, implementation and periodic review and update of the wellness policy through a variety of means appropriate for that district. The District will also inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of mechanisms, such as email or displaying notices on the district’s website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to the wellness policy, as well as how to get involved and support the policy. The District will ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that the district and individual schools are communicating important school information with parents. The District will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum. The District will also use these mechanisms to inform the community about the availability of the annual and triennial reports.
III. Nutrition

School Meals

Our school district is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; that are moderate in sodium, low in saturated fat, and have zero grams trans fat per serving (nutrition label or manufacturer’s specification); and to meeting the nutrition needs of school children within their calorie requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. All schools within the District participate in USDA child nutrition programs, including the National School Lunch Program (NSLP), the School Breakfast Program (SBP), Fresh Fruit and Vegetable Program (FFVP), and the Summer Food service Program (SFSP).

All schools within the District are committed to offering school meals through the NSLP and SBP programs, and other applicable Federal child nutrition programs, that:

- Are accessible to all students;
- Are appealing and attractive to children;
- Are served in clean and pleasant settings;
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations.
- Promote healthy food and beverage choices, such as one or more of the following:
  - Whole fruit options are displayed in attractive bowls or baskets (instead of chafing dishes or hotel pans).
  - Sliced or cut fruit is available daily.
  - Daily fruit options are displayed in a location in the line of sight and reach of students.
  - All available vegetable options have been given creative or descriptive names.
  - Daily vegetable options are bundled into all grab-and-go meals available to students.
  - All staff members, especially those serving, have been trained to politely prompt students to select and consume the daily vegetable options with their meal.
  - White milk is placed in front of other beverages in all coolers.
  - Alternative entrée options (e.g., salad bar, yogurt parfaits, etc.) are highlighted on posters or signs within all service and dining areas.
  - A reimbursable meal can be created in any service area available to students (e.g., salad bars, snack rooms, etc.).
  - Student surveys and taste testing opportunities are used to inform menu development, dining space decor and promotional ideas.
  - Student artwork is displayed in the service and/or dining areas.
  - Daily announcements are used to promote and market menu options.

Staff Qualifications and Professional Development

All school nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements in the USDA professional standards for child nutrition professionals. These school nutrition personnel will refer to USDA’s Professional Standards for School Nutrition Standards website to search for training that meets their learning needs.
**Water**

To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the school day* and throughout every school campus* (“school campus” and “school day” are defined in the glossary). The District will make drinking water available where school meals are served during mealtimes.

**Competitive Foods and Beverages**

The District is committed to ensuring that all foods and beverages available to students on the school campus* during the school day* support healthy eating. The foods and beverages sold and served outside of the school meal programs (e.g., “competitive” foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day and create an environment that reinforces the development of healthy eating habits.

A summary of the standards and information, as well as a Guide to Smart Snacks in Schools are available at: [http://www.fns.usda.gov/healthierschoolday/tools-schools-smart-snacks](http://www.fns.usda.gov/healthierschoolday/tools-schools-smart-snacks). The Alliance for a Healthier Generation provides a set of tools to assist with implementation of Smart Snacks available at [www.foodplanner.healthiergeneration.org](http://www.foodplanner.healthiergeneration.org). To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day will meet or exceed the USDA Smart Snacks nutrition standards. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, school stores and snack or food carts.

**Fundraising**

Foods and beverages that meet or exceed the USDA Smart Snacks in Schools nutrition standards may be sold through fundraisers on the school campus* during the school day*. The District will make available to parents and teachers a list of healthy fundraising ideas.

**Nutrition Promotion**

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff will receive consistent nutrition messages throughout schools, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by school staff, teachers, parents, students and the community. The District will promote healthy food and beverage choices for all students throughout the school campus, as well as encourage participation in school meal programs. This promotion will occur through at least:

- Implementing at least ten or more evidence-based healthy food promotion techniques through the school meal programs using Smarter Lunchroom techniques; and
- Ensuring 100% of foods and beverages promoted to students meet the USDA Smart Snacks in School nutrition standards. Additional promotion techniques that the District and individual schools may use are available at [http://www.foodplanner.healthiergeneration.org/](http://www.foodplanner.healthiergeneration.org/).
Nutrition Education

The District will model, encourage and support healthy eating by all students. Schools will engage in nutrition promotion that:

- Is designed to provide students with the knowledge and skills necessary to promote and protect their health;
- Is part of not only health education classes, but also integrated into other classroom instruction through subjects such as math, science, language arts, social sciences and elective subjects;
- Includes enjoyable, developmentally-appropriate, culturally-relevant and participatory activities, such as cooking demonstrations or lessons, promotions, taste-testing, farm visits and school gardens;
- Promotes fruits, vegetables, whole-grain products, low-fat and fat-free dairy products and healthy food preparation methods;
- Emphasizes caloric balance between food intake and energy expenditure (promotes physical activity/exercise);
- Links with school meal programs, cafeteria nutrition promotion activities, school gardens, Farm to School programs, other school foods and nutrition-related community services;

Essential Healthy Eating Topics in Health Education

The District supports a health education curriculum; examples of topics below:

- Relationship between healthy eating and personal health and disease prevention
- Food guidance from MyPlate
- Reading and using FDA’s nutrition fact labels
- Eating a variety of foods every day
- Balancing food intake and physical activity
- Eating more fruits, vegetables and whole grain products
- Choosing foods that are low in fat, saturated fat, and cholesterol and do not contain trans fat
- Choosing foods and beverages with little added sugars
- Eating more calcium-rich foods
- Preparing healthy meals and snacks
- Risks of unhealthy weight control practices
- Accepting body size differences
- Food safety
- Importance of water consumption
- Importance of eating breakfast
- Making healthy choices when eating at restaurants
- Eating disorders
- The Dietary Guidelines for Americans
- Reducing sodium intake
- Social influences on healthy eating, including media, family, peers and culture
- How to find valid information or services related to nutrition and dietary behavior
- How to develop a plan and track progress toward achieving a personal goal to eat healthfully
- Resisting peer pressure related to unhealthy dietary behavior
- Influencing, supporting, or advocating for others’ healthy dietary behavior
Food and Beverage Marketing in Schools

The District is committed to providing a school environment that ensures opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions.

The District strives to teach students how to make informed choices about nutrition, health and physical activity. These efforts will be weakened if students are subjected to advertising on District property that contains messages inconsistent with the health information the District is imparting through nutrition education and health promotion efforts. It is the intent of the District to protect and promote student’s health by permitting advertising and marketing for only those foods and beverages that are permitted to be sold on the school campus, consistent with the District’s wellness policy.

Any foods and beverages marketed or promoted to students on the school campus* during the school day* will meet or exceed the USDA Smart Snacks in School nutrition standards such that only those foods that comply with or exceed those nutrition standards are permitted to be marketed or promoted to students.

Food and beverage marketing is defined as advertising and other promotions in schools. Food and beverage marketing often includes an oral, written, or graphic statements made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller or any other entity with a commercial interest in the product.15

This term includes, but is not limited to the following:

- Brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container.
- Displays, such as on vending machine exteriors
- Corporate brand, logo, name or trademark on school equipment, such as marquees, message boards, scoreboards or backboards (Note: immediate replacement of these items are not required; however, districts will replace or update scoreboards or other durable equipment when existing contracts are up for renewal or to the extent that is in financially possible over time so that items are in compliance with the marketing policy.)
- Corporate brand, logo, name or trademark on cups used for beverage dispensing, menu boards, coolers, trash cans and other food service equipment; as well as on posters, book covers, pupil assignment books or school supplies displayed, distributed, offered or sold by the District.
- Advertisements in school publications or school mailings.
- Free product samples, taste tests or coupons of a product, or free samples displaying advertising of a product.

As the District/school nutrition services/Athletics Department/PTA/PTO reviews existing contracts and considers new contracts, equipment and product purchasing (and replacement) decisions should reflect the applicable marketing guidelines established by the District wellness policy.
IV. Physical Activity

Children and adolescents should participate in at least 60 minutes of physical activity every day. A substantial percentage of students’ physical activity can be provided through a comprehensive school physical activity program (CSPAP). A CSPAP reflects strong coordination and synergy across all of the components: quality physical education as the foundation; physical activity during and after school; staff involvement and family and community engagement and the district is committed to providing these opportunities. Schools will ensure that these varied physical activity opportunities are in addition to, and not as a substitute for, physical education (addressed in “Physical Education” subsection). All schools in the district will be encouraged to participate in Let’s Move! Active Schools (www.letsmoveschools.org) in order to successfully address all CSPAP areas.

Physical activity during the school day (including but not limited to recess, classroom physical activity breaks or physical education) will not be withheld as punishment for any reason [This does not include participation on sports teams that have specific academic requirements]. The district will provide teachers and other school staff with a list of ideas for alternative ways to discipline students.

To the extent practicable, the District will ensure that its grounds and facilities are safe and that equipment is available to students to be active. The District will conduct necessary inspections and repairs.

Physical Education

The District will provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education. The physical education curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts (discussed in the “Essential Physical Activity Topics in Health Education” subsection). The curriculum will support the essential components of physical education.

All students will be provided equal opportunity to participate in physical education classes. The District will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary.

All District elementary students in each grade will receive physical education for at least 70 minutes per week throughout the school year.

Buchanan K-1 Center - Students will receive physical education 2 days a week for 35 minutes each day.
Madison 2-3 Center - Students will receive physical education 2 days a week for 35 minutes each day.
Washington 4-5 Center - Students will receive physical education 2 days a week for 35 minutes each day.

All Huron Public School District secondary students (middle and high school) are required to take the equivalent of one academic year of physical education.

Middle School-Students will receive 24 weeks of physical education for 40 minutes each day.
High School - Students will receive 18 weeks of physical education for 40 minutes each day.
Examples of Physical Activity Topics in Health Education

- The physical, psychological, or social benefits of physical activity
- How physical activity can contribute to a healthy weight
- How physical activity can contribute to the academic learning process
- How an inactive lifestyle contributes to chronic disease
- Health-related fitness, that is, cardiovascular endurance, muscular endurance, muscular strength, flexibility, and body composition
- Differences between physical activity, exercise and fitness
- Phases of an exercise session, that is, warm up, workout and cool down
- Overcoming barriers to physical activity
- Decreasing sedentary activities, such as TV watching
- Opportunities for physical activity in the community
- Preventing injury during physical activity
- Weather-related safety, for example, avoiding heat stroke, hypothermia and sunburn while being physically active
- How much physical activity is enough, that is, determining frequency, intensity, time and type of physical activity
- Developing an individualized physical activity and fitness plan
- Monitoring progress toward reaching goals in an individualized physical activity plan
- Dangers of using performance-enhancing drugs, such as steroids
- Social influences on physical activity, including media, family, peers and culture
- How to find valid information or services related to physical activity and fitness
- How to influence, support, or advocate for others to engage in physical activity
- How to resist peer pressure that discourages physical activity.

V. Other Activities that Promote Student Wellness

The District encourages integration of wellness activities across the entire school setting, not just in the cafeteria, other food and beverage venues and physical activity facilities. The District encourages coordination and integration of other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

Schools in the District are encouraged to coordinate content across curricular areas that promote student health, such as teaching nutrition concepts in mathematics, with consultation provided by either the school or the District’s curriculum experts.

All efforts related to obtaining federal, state or association recognition for efforts, or grants/funding opportunities for healthy school environments will be coordinated with and complementary of the wellness policy, including but not limited to ensuring the involvement of the local wellness committee.

All school-sponsored events will adhere to the wellness policy guidelines. All school-sponsored wellness events will include physical activity and healthy eating opportunities when appropriate.
**Glossary:**

**Extended School Day** – the time during, before and after school that includes activities such as clubs, intramural sports, band and choir practice, drama rehearsals and more.

**School Campus** - areas that are owned or leased by the school and used at any time for school-related activities, including on the outside of the school building, school buses or other vehicles used to transport students, athletic fields and stadiums (e.g., on scoreboards, coolers, cups, and water bottles), or parking lots.

**School Day** – the time between midnight the night before to 30 minutes after the end of the instructional day.

**Triennial** – recurring every three years.
