TEACHER’S CONTRACT
Huron School District No. 2-2, Huron, South Dakota

Andrea Olson

October 19, 2015

YOU ARE HEREBY OFFICIALLY NOTIFIED, that you have been elected as a Teacher in the Huron School District No. 2-2, whose address is City of Huron on the annual salary basis of $12,353 for the school term, or the remaining part thereof, of the designated number of teaching days, inclusive of days arranged for pre-school planning, beginning 10/19/2015 and subject to the calendar, or modifications of the same, as adopted by the Board of Education. The salary is to be paid the twentieth day of each of the twelve calendar months.

Your election is subject to the school laws of the State of South Dakota and to the salary schedule and contractual elements rules and regulations of the Board of Education of the Huron School District No. 2-2, which are hereby by reference, incorporated in and made a part of this contract as though set forth herein at length, subject to the right of said Board to terminate the contract for cause, to be determined upon by the Board.

It is further contracted and agreed that your failure to complete the term of teaching prescribed herein for any cause, including but not limited to dismissal or resignation, constitutes a financial damage to the Huron School District No. 2-2 and that from the nature of the case it might be impractical or difficult to fix the actual damage. THEREFORE, it is understood and agreed that your failure to complete the term provided herein shall result in the following liquidated damages: failures occurring between the date signed and approved by the School Board through June 30 for the ensuing year, damages shall be assessed at $1,000.00. For breaking a contract July 1 through July 31, damages shall be assessed at $2,000.00 and breaking of contract August 1 and for the duration of the first semester, damages shall be assessed at $3,000.00. Damages will be assessed at $1,500.00 for breaking of a contract anytime during the 2nd semester. The Board reserves the right to request the Department of Education to suspend the employee’s certification for one year in lieu of monetary damages in accordance with SDCL 13-42-9. Teachers who are not full-time employees of the District shall be assessed damages at a percentage which matches their percent of employment.

It is further understood and agreed that resignations shall not become effective until approved by the Board of Education at the next meeting following receipt of said resignation. Further, it is hereby agreed that you will pay to the Huron School District No. 2-2, or the Huron School District No. 2-2 will withhold or appropriate from any monies owed to you, and you hereby authorize such withholding or appropriation, the appropriate sum herein above set forth as liquidated damages due to your failure to complete said term.

This agreement becomes a binding contract when signed by the teacher and the Board of Education.

Full time salary / 180.5 contract days = $202.82 full time daily rate
5.25 hrs per day / 7.5 hrs full time day = 70% of full time day
$202.82 full time daily rate x 70% of full day = $141.98 contracted daily rate
$141.98 contracted daily rate x 87 contract days = $12,353 contract
This contract represents 41% of full time contract.

ASBSD Legislative Resolutions (DRAFT)
Revised 8/5/2015

OVERVIEW

ASBSD Resolutions are policy statements adopted by the ASBSD membership that guide your Association’s advocacy efforts at the state and federal levels. A subcommittee of the ASBSD Board of Directors – called the ASBSD Policy and Resolutions Committee – develops draft policy statements for consideration by the full membership at the ASBSD Delegate Assembly.

A. Achievement and Equity

1. PRE-KINDERGARTEN STANDARDS

RESOLUTION
ASBSD supports the development and adoption of statewide content and accreditation standards for voluntary pre-kindergarten education programs.

RATIONALE
Pre-kindergarten is defined as any public education program for children under age 5. Research points to clear short and long-term benefits of pre-k programs. It’s widely accepted that early experiences form vital connections in a child’s brain and influence how a child learns and develops throughout life. According to research, quality pre-k programs reduce the number of students in need of special education services and the number of students that have to repeat grades. Research has also documented long-term efficiency of pre-school programs through a reduction in the juvenile crime rate and lessening later reliance on public assistance programs.

ADOPTED: 2008
REVISED: 2015

2. PROFESSIONAL DEVELOPMENT

RESOLUTION
ASBSD supports full funding for state mandated professional development.

RATIONALE
ASBSD supports professional development for teachers and administrators. Because of state mandates for new innovations, we believe state funding to train professionals is essential.

ADOPTED: 2008
REVISED: 2012
A. Achievement and Equity

3. COMPULSORY SCHOOL ATTENDANCE

RESOLUTION
ASBSD supports compulsory attendance in public school to age 18 or until a student graduates.

RATIONALE
In today’s global economy, every South Dakota student deserves the lasting benefits of a high school diploma. Maintaining compulsory attendance age until 18 will make public school policy mirror BIE policy, minimizing the potential for students to transfer to public school in order to drop-out of high school.

ADOPTED: 2008

REVISED:

4. COMMON CORE ACADEMIC STANDARDS AND STATE ASSESSMENT EXAMS

RESOLUTION
ASBSD supports common core academic standards with sufficient financial resources and professional development for school staff, to facilitate implementation of the standards and the full participation of students in state assessment exams.

RATIONALE
Common core standards establish important benchmarks to help students succeed in a global economy and a technologically advanced society. The new standards were created in 2009 in a joint effort of the National Governor’s Association and the Council of Chief State School Officers to increase rigor and academic expectations for students in Language Arts and Math and thus a stronger U.S workforce. Common Core standards are recognized as South Dakota state standards in Language Arts and Math, however implementation of the standards (how to teach them) is still a matter of local decisions. Common standards may save the state money on assessments and other fixed costs associated with our modern system of standards-based education. Most importantly, the establishment of common math and language arts standards across the nation would mean all teachers are attempting to move students toward the same goal – a fact that will likely contribute to greater innovation in best practices and increased collaboration. Full participation allows for accurate measurement of student achievement success of Common Core Standards.

ADOPTED: 2010

REVISED: 2015

5. EXTRA AND CO-CURRICULAR ACTIVITIES – FREE PARTICIPATION

RESOLUTION
ASBSD supports extra and co-curricular activities as an important component of South Dakota’s system of public education and opposes legislation that will in any way establish fees for participation in extra and co-curricular offerings.

RATIONALE
The South Dakota Constitution guarantees a free public education to all students. Extra-curricular and co-curricular activities, though not always offered for academic credit, are a valuable part of a child’s education and should remain free to all public school students.

ADOPTED: 2010

REVISED: 2014
A. Achievement and Equity

6. SCHOOL EMPLOYEE COMPENSATION

RESOLUTION
ASBSD supports a long-term commitment with the legislature to enhance the ability to attract, recruit, employ and retain quality personnel in South Dakota public schools.

RATIONALE
South Dakota is ranked 50th in the nation in average teacher salary. Our schools are losing quality employees to different careers and/or not receiving quality applicants for open positions because of low salary options. Legislators have heard the concerns and must commit financial resources to improve salaries.

ADOPTED: 2013

REVISED: 2015
B. Local Governance

1. STUDENTS RECEIVING PUBLIC SCHOOL EXEMPTION

RESOLUTION
ASBSD supports the development of state guidelines for evaluating the academic progress of students receiving a public school exemption and the establishment of effective state regulations to ensure exempted students receive a high quality education.

RATIONALE
School boards and the Department of Education are responsible for the education of students receiving public school exemption instruction. State guidelines and regulations would provide school boards with criteria to determine if revocation of an application is warranted.

ADOPTED: 2008
REVISED: 2014

2. TECHNICAL INSTITUTE GOVERNANCE (recommend delete)

RESOLUTION
ASBSD supports local governance of the state's technical institutes.

RATIONALE
The state's four technical institutes continue to perform well under the governance of locally elected school boards, providing students with post-secondary instruction and playing an important role in workforce development. Preserving local control would allow these institutions a continued local and regional focus that would erode if governance was shifted to the state level.

ADOPTED: 2008
REVISED:

3. SCHOOL FINANCES

RESOLUTION
ASBSD supports local governance in the management of district funds.

RATIONALE:
Control of school finances should rest with the local school board within the district.

ADOPTED: 2009
REVISED: 2012
B. Local Governance

4. **EMPLOYEE HEALTH INSURANCE PLANS** (recommend delete)

**RESOLUTION**
ASBSD supports health insurance options that allow local school boards to choose from a range of competitive options and opposes mandates requiring all schools to participate in a single health insurance plan.

**RATIONALE**
The concept of mandatory, one-size-fits-all health insurance options run contrary to the tenets of local control. While the mandatory programs may save some districts money, it could drive up health insurance costs for districts that have implemented cost-saving plan alternatives or wellness programs. Local school boards should be free to choose health benefit plans based on local circumstances and should not be forced to turn over control of all benefit-related decisions to a distant third-party.

**ADOPTED:** 2010

**REVISED:**

5. **CHARTER SCHOOLS**

**RESOLUTION**
ASBSD opposes any new legislation that creates charter schools expansion beyond what is currently authorized in statute, which permits Pilot Charter Schools for American Indian Students.

**RATIONALE**
Any expansion beyond what is currently allowed in state statute has the potential to introduce charter schools that could take public school funding from current schools, receive waivers from state standards of accreditation and teacher certification, be elective in the students who may enroll, and be detrimental to local public schools.

**ADOPTED:** 2012

**REVISED:** 2015

6. **MARKET-BASED PAY RESOURCES** (recommend delete)

**RESOLUTION**
ASBSD supports the right of school boards to utilize market-based pay resources—such as a signing bonus, moving expense, college loan payment, or other market-based resources—to attract and retain teachers for their school district.

**RATIONALE**
Allowing school boards to offer market-based pay resources provides them a variety of options to attract and retain teachers for their district, which will help provide stability to the teaching staff and ensure students continue to receive a high-quality education.

**ADOPTED:** 2014

**REVISED:**
B7. PUBLIC FUNDING FOR NON-PUBLIC EDUCATION  (new resolution)

RESOLUTION

ASBSD opposes any new legislation that diverts public dollars to fund non-public education in any manner.

RATIONALE

Legislation that diverts public dollars to non-public schools would be detrimental to the public education system.

ADOPTED: 2015
C. School Finance

1. SCHOOL FUNDING

RESOLUTION
ASBSD supports funding appropriated by the State that meets expectations established in statute, administrative rule, and accreditation standards and the South Dakota Constitution.

RATIONALE
While ASBSD embraces accountability standards, new requirements are increasing the demand on school budgets and continue to stretch the capacity of our current public school systems to meet the changing needs of every student.

ADOPTED: 2008
REVISED: 2015

2. INDEX FACTOR (recommend delete)

RESOLUTION
ASBSD supports legislation to provide South Dakota's public schools with the statutorily required per-student funding.

RATIONALE
The current funding formula provides a minimum base of funding to schools through the per-student allocation. A formula provides school boards with a predictable basis for budgetary planning.

ADOPTED: 2010
REVISED: 2012

3. EDUCATION SERVICE AGENCIES

RESOLUTION
ASBSD supports the reinstatement of full funding for Educational Service Agencies.

RATIONALE
The Education Service Agencies have provided valuable services and resources for public schools in South Dakota. The recent Previous years' budget cuts by the legislation have negatively impacted services provided by ESAs to schools. Their full funding needs to be reinstated for them to continue to be a valuable resource.

ADOPTED: 2009
REVISED: 2015

4. CONSISTENT SPARSITY FUNDING

RESOLUTION
ASBSD supports consistent district-level funding provided by the state for sparse school districts as defined in SDCL 13-13-78.

RATIONALE
The state's sparse funding has provided much needed resources to the state's smallest and most rural schools. However, since the funding has been instituted, the amount of funding delivered to districts has declined and has been threatened for repeal. Given that sparsity funding amounts to more than 10 percent of the operating budget in some rural districts, the state's smallest most geographically isolated districts deserve consistent state supplemental funding.

ADOPTED: 2009
REVISED: 2014
C. School Finance

5. USE OF CAPITAL OUTLAY FUNDS

RESOLUTION
ASBSD supports the provisions in law that allow school districts to use capital outlay funds to pay for some insurance, energy and transportation costs.

RATIONALE
The flexibility extended in 2013, which will expire on June 30, 2018, is consistent with the purposes of capital outlay, allows for local control over locally generated funds, and frees up much-needed general fund resources.

ADOPTED: 2010
REVISED: 2014

6. OTHER REVENUE

RESOLUTION
ASBSD supports current state law that allows "other revenue" to be used exclusively by the school district in which the revenue is generated.

RATIONALE
Other sources of revenue in the general fund include: gross receipts taxes, county apportionment, fees, bank franchise tax, mobile home taxes, PILT Funds, etc. These general fund revenues are above and beyond the per-pupil amount per student allocation established by the Legislature and any attempt to redistribute or equalize other revenue will cause instability, and in some cases would create a severe hardship on a local district. Furthermore, any attempt made to shift other sources of general fund revenue into the state aid formula would reduce the school district's general fund revenue.

ADOPTED: 2009
REVISED: 2012

7. CAPITAL OUTLAY FLEXIBILITY REDUCTION-GROWTH LIMITATIONS

RESOLUTION
ASBSD opposes gradual reduction of the percentage of capital outlay dollars a district can use to supplement its general fund, as granted by law. ASBSD opposes legislation that freezes or limits the growth of Capital Outlay funds.

RATIONALE
The flexibility granted in 2013, which will expire on June 30, 2018, is consistent with the purposes of capital outlay, allows for local control over locally generated funds, and frees up much-needed general fund resources. Local decisions as to the use of capital outlay funds are an important part of school budgets. Property tax concerns related to the levy of capital outlay funds should be handled with the local school board.

ADOPTED: 2013
REVISED: 2015
C. School Finance

8. THREE PERCENT INDEX FACTOR

RESOLUTION
ASBSD supports proposed legislation to provide South Dakota’s public schools with the statutorily required per- student funding at a minimum increase of three percent each year, with the possibility for a greater increase to be provided.

RATIONALE
A funding formula change that provides school boards with a minimum guaranteed increase of three percent gives school boards a solid monetary figure to begin budgetary planning before the conclusion of the legislative session, with the possibility for a greater increase to be provided.

ADOPTED: 2013
REVISED: 2014

9. CAPITAL OUTLAY COMPROMISE (recommend delete)

RESOLUTION
ASBSD supports an agreement on potential legislation that would freeze capital outlay levies at their 2014 level provided the following provisions may be included in the legislation:

- An added, ongoing increase to the per-student allocation of $72 per student;
- Set the capital outlay levy base freeze at $2 per $1,000 of taxable valuation;
- Allow school districts wishing to levy up to $2.50 per $1,000 of taxable valuation the option to hold public hearings to approve capital outlay certificates and not make the decision referable to a public vote;
- Allow school districts wishing to levy between $2.50-$3.00 per $1,000 of taxable valuation the option to seek an opt-out through public vote;
- Allow school districts to utilize unused portions of levies below the spending cap;
- Repeal the capital outlay levy freeze in 2021;
- Permanently establish capital outlay flexibility at 25 percent in 2018 after its gradual reduction over a three-year period, beginning in 2016.

RATIONALE
Through continued negotiations between education groups, legislators and the Governor’s office an understanding has been presented that if legislation limiting capital outlay levies were to be introduced the conditions stated within the resolution would be included in the original draft of the bill. The potential bill arose amid claims of a potential tax revolt. Without a compromise, school districts assume the risk of having capital outlay levies frozen—potentially permanently—and receiving no added dollars to the PSA and losing the ability to opt-out of their frozen levy and the permanent flexibility for the capital outlay fund.

ADOPTED: 2014
REVISED: 
D. Taxation

1. ALTERNATIVE REVENUE SOURCES (new resolution)

RESOLUTION

ASBSD supports legislation of an additional revenue source to state funding of K-12 education dedicated to funding measures to recruit and retain teachers.

RATIONALE

Given the need for additional funding to support education, especially with teacher salaries, an alternative revenue source dedicated to fund South Dakota public schools is essential.

ADOPTED:
E. Personnel

1. CONTINUING CONTRACT

RESOLUTION
ASBSD supports legislation to deny continuing contract rights to teachers who have received two consecutive years of unsatisfactory evaluations.

RATIONALE
ASBSD believes students should have the best teachers in the classroom. Using the state mandated evaluation process, a teacher whose performance is determined to be deficient should lose their continuing contract rights.

ADOPTED: 2008
REVISED: 2013

2. HUMAN RESOURCE MANAGEMENT

RESOLUTION
ASBSD supports a local district's ability to develop hiring, evaluation and compensation policies to develop performance and market-based compensation mechanisms that support local efforts to recruit and retain quality staff.

RATIONALE
School boards, administrators and teachers are in the best position to decide whether the school district has the financial resources, personnel, data systems and desire to implement local policy. Districts should have the flexibility to adopt effective hiring, evaluation and compensation policies.

ADOPTED: 2010
REVISED: 2012
F. Unfunded Mandates

1. STATE EDUCATION MANDATES

RESOLUTION
ASBSD supports legislative action to require the State to adopt a fiscal note associated with and providing funding for all new mandates placed on local school districts.

RATIONALE
When state mandates place additional burdens on school boards, funds should be allocated to compensate expenses incurred. Therefore, it should be the policy of the State Department of Education to adopt fiscal notes and request funding from the legislature, prior to the passage of all new mandates placed on local school districts.

ADOPTED: 2008
REVISED: 2012

2. FEDERAL MANDATES

RESOLUTION
ASBSD supports full funding for all federal mandates.

RATIONALE
As federal policymakers enacted laws intended to foster higher levels of school performance and academic achievement, Congress has failed to fund federal programs such as IDEA and ESEA to the levels authorized when they created the programs, causing local school boards to shift local resources to meet the demands of federal education policies.

G. Federal Relations

1. ESEA REAUTHORIZATION

RESOLUTION
ASBSD supports a fully funded federal education policy for elementary and secondary education that focuses on improving learning outcomes for every child, provides for public school accountability and gives local school boards flexibility to develop education programs reflective of the local student population and community.

RATIONALE
Unfunded federal policies place a burden on state governments and local school boards, often replacing local priorities with federal mandates.

Strong public school systems are the result of strong local governance and leadership, and districts being held accountable for student performance need the flexibility to implement local initiatives suited to the local district population.

ADOPTED: 2008

2. MEDICAID SERVICE REIMBURSEMENT

RESOLUTION
ASBSD supports the continuation of federal Medicaid Service provided to K-12 for providing health services to Medicaid-eligible students.

RATIONALE
Schools play a key role in identifying eligible children for Medicaid, connecting children to needed services in schools and communities. Medicaid service reimbursement funds help South Dakota districts provide outreach and coordination services that ultimately helps eligible children receive health services in a timely manner.

3. PAYMENT-IN-LIEU-OF-TAXES (recommend delete)

RESOLUTION
ASBSD supports legislation to develop guidelines for disbursements of PILT (payment-in-lieu-of-taxes) fund from the county level to the school districts within the counties.

RATIONALE
South Dakota has 43 counties receiving PILT amounted to $4.9 million to carry out vital services needed by the counties to include education. Lack of direction from the federal government to the counties have allowed the funds to be kept by the counties and not used for education funding.

4. SCHOOL NUTRITION

RESOLUTION
ASBSD urges the U.S. Department of Agriculture (USDA) to reexamine Healthy Hunger-Free Kids Act for the National School Lunch and School Breakfast programs.

ASBSD urges flexibility to state and local food service personnel to adjust the nutrition requirements including changes to the calorie maximum, to ensure they are providing school meals that meet the needs of their diverse student body in their communities.

RATIONALE
A one-size-fits-all policy ties the hands of local school lunch providers. According to recent report, the USDA’s new regulations have led to hungrier students, wasted food, and increased costs for schools.

ADOPTED: 2010
REVISED: 2014

5. E-RATE

RESOLUTION
ASBSD supports action by Congress and the Federal Communications Commission to strengthen the E-Rate program and improve the quality and speed of Internet connectivity in our nation’s K-12 schools.

RATIONALE
The E-rate program, officially called the Schools and Libraries Program Universal Service Fund, provides significant discounts to schools and libraries to help them build technology infrastructure and provide telecommunications and Internet services for students in low-income and rural areas. The program is a vital source of funding to maintain and improve Internet connectivity in K-12 schools. Expansion of the federal E-rate program would improve access to technology for K-12 schools and students.

ASBSD Standing Positions (DRAFT)
Revised 8/5/2015

OVERVIEW

Standing positions are broad policy statements that reflect the core beliefs of South Dakota’s locally elected school board members. Standing positions provide your school board association with general direction and guidance on a range of education policy issues.

STUDENT ACHIEVEMENT

One of a local school board’s core responsibilities is to develop, adopt and oversee policies focused on improving student achievement and eliminating achievement gaps between low achieving students and students performing at or above grade level. Every student, regardless of individual differences, can achieve at high levels when the state, local school boards and communities establish high expectations for students and provide necessary resources and support.

21st century school boards strive to develop instructional policy that provides for multiple paths to knowledge that moves students to develop more critical thinking, collaborative problem solving and self-reliance skills.

As community leaders, school board members focus on providing programs and working collaboratively with other agencies to secure necessary services.

Student achievement should be gauged using an accountability system based on multiple assessments that are valid, reliable, defensible, credible and diagnostically meaningful to a variety of stakeholders.

ASBSD urges policymakers at all levels to support programs that promote high skills levels such as digital literacy, innovative thinking, and interactive communication to engage learners leading students to succeed in today’s highly competitive, global economy.

**INDIAN EDUCATION**

A range of statistical indicators reveal persistent and dramatic achievement gaps between American Indian students and their peers, depriving a significant portion of South Dakota's children of an equal opportunity to claim a more prosperous personal, social and economic future.

All students can face barriers to learning, but many of South Dakota's American Indian children are surrounded by a concentrated and generationally pervasive poverty that jeopardizes an individual's health, safety and personal belief in the value of education.

ASBSD believes all students can learn and achieve. South Dakota's American Indian students deserve the attention of federal, state, local and tribal leaders who are willing to deliver on the promise of public education. South Dakotans must work toward solutions while embracing the pride, heritage and dignity of American Indian culture.

ASBSD supports South Dakota's recent efforts to make Indian education a priority, including the passage of the Indian Education Act and the creation of an Indian education coordinator within the Department of Education. ASBSD encourages state policies that foster collaboration and establish long-term commitments to improving educational outcomes for American Indian students.

ASBSD believes state aid formula funding needs to address the unique learning challenges of at-risk students to allow local districts to better serve American Indian students by integrating instructional curriculum that focuses on student results.

Revised: 2013

**HEALTH & WELLNESS**

ASBSD believes that wellness is related to staff and students overall well-being and their readiness to teach and learn. A growing body of research links student wellness to positive academic results, affirming the important role school wellness plays in student achievement.

ASBSD believes local school boards should work with community stakeholders in a coordinated approach to promote policies and practices that encourage and enable wellness, including healthy food choices, nutrition education, and regular physical activity.

Comprehensive local policy includes multiple aspects of student/staff well-being, including drug resistance, suicide prevention, violence prevention and all forms of bullying.

ASBSD urges local school boards to adopt policy that promotes healthy lifestyles and student safety, but opposes state mandates, whether funded or unfunded, which would limit the authority of local school districts to design appropriate wellness programs that reflect school and community standards.

TECHNOLOGY IN EDUCATION

Technology has an essential and expanding role in our global society. Emerging information and communication technologies will reshape how students learn and how they apply their knowledge, skills and abilities.

ASBSD believes technology is transforming K-12 education. The infrastructure, hardware, software, and platforms are either available or being developed that will change the nature of how we teach our children in profound and far-reaching ways.

ASBSD believes technology is a powerful, important tool for public education to be used in combination with proven teaching and learning strategies to ensure a high-quality education.

ASBSD supports technology initiatives that are focused on improved student outcomes and that reflect the need for ongoing support and renewal in the ever-changing technological landscape. Digital technology using virtual learning strategies, blended learning, and other cutting edge teaching coupled with quality training, will advance our students in the highly competitive global environment.

South Dakota’s public school systems should embrace technology as a catalyst to improve teaching and learning. School district staff need support, through high-quality, embedded professional development, to integrate technology into their instruction. Technology integration is a critical tool to prepare our students for digital world that is transforming around them.

LOCAL GOVERNANCE

School districts are governed by boards that, as elected leaders, who are responsive and accountable to local citizens. An informed, active citizenry is essential to our democratic and representative form of government.

Local boards, within guidelines established by state law, are vested with authority to make local education decisions. Local board members, as the elected representatives closest to the students, families and communities in which they live, are best positioned to understand student needs and identify effective solutions. A local school board cannot delegate statutory duties and responsibilities. State law must allow governance flexibility to ensure all school boards are positioned to meet the needs of their community and the changing public school environment.

School boards are accountable to students, citizens and staff for: providing education programs; striving for excellence; identifying needs; adopting clearly defined written policies; measuring program success; and interpreting and disseminating information to the public; and setting the school calendar that best fits their district.

School boards function best in a non-partisan, broadly representative, team-spirited manner while putting district needs ahead of partisanship and special interest - be they political, racial, religious, geographic, economic, social, civic or any other form. The board and superintendent, along with other key personnel, serve as a local governance leadership team that works together to effectively and efficiently operate a school district.

ASBSD supports the judgment and integrity of South Dakota school board members and opposes initiatives or legislation that impedes a school board’s ability to govern.

Adopted: 2007
Revised: 2015
SCHOOL REORGANIZATION

ASBSD believes school district reorganization, resource sharing and cooperative arrangements are in the best interest of South Dakota’s public school students when:

- Educational outcomes, measured in expanded educational opportunities with expectations for improved achievement, is the most important consideration; and
- Geographical issues are considered, including the amount of student travel time and allowing for continued community participation; and
- Reorganization is voluntary – initiated and voted upon by the school board, or by the citizens of the school districts.

Adopted: 2006
Revised: 2014

SCHOOL CHOICE

ASBSD believes South Dakota’s public education system, through South Dakota’s open enrollment laws, should provide parents and students the choice to attend any of South Dakota’s high-quality public schools.

ASBSD supports open enrollment laws that work to promote cooperation among public school districts that help meet the educational needs of ALL students and families.

Adopted: 2007
Revised: 2015

OPEN GOVERNMENT AND TRANSPARENCY

As public bodies, school boards operate in a transparent manner that promotes active civic engagement and public discourse. Effective and efficient governance respects the public’s right to observe and petition government while operating under the legal framework of state and federal policy. Public school boards, as government entities closest to citizens, provide a wealth of public information, including thorough financial records.

ASBSD believes it is incumbent upon each school board member to have a working knowledge of both open meeting laws and privacy laws.

ASBSD supports state policies allowing school boards the local option to post official minutes and public notices online.

Adopted: 2009
Revised: 2013
**SCHOOL FINANCE**

South Dakota's public school students deserve a comprehensive school finance system. School finance decisions, whether at the local, state or federal level, should build the capacity of the public education system to expand learning opportunities for students. Policy makers at all levels should fulfill commitments and obligations to public schools before providing financial support to non-public schools.

ASBSD supports a school finance system that:

- Provides adequate, necessary, equitable, predictable and timely funding; and
- Provides equal opportunities to all students while addressing South Dakota's diverse student needs; and
- Provides relief for enrollment fluctuations; and
- Provides locally elected school boards the authority and responsibility to prioritize and allocate funding to best meet student needs; and
- Provides additional funding to meet state and federal expectations.

Adopted: 2007
Revised: 2015

**SAFE AND SECURE SCHOOLS**

ASBSD believes South Dakota public school students deserve to learn in a safe and secure school environment.

A growing body of research has linked student achievement and behavior, as well as staff morale, to physical building conditions. Because school facilities are important educational tools, every child deserves a safe, technologically-ready school facility designed for student learning.

ASBSD believes local school boards are responsible for the development and adoption of plans to prevent and respond to situations that threaten the safety or well-being of students and staff. School districts are encouraged to work with government agencies, public safety officials and other first-responders to prepare effective emergency response plans.

ASBSD believes local school boards, acting in compliance with federal and state law, must have the authority to enact and implement policies and procedures that maintain safe, orderly schools and create supportive learning cultures.

ASBSD supports current laws designed to keep convicted criminals from employment in schools and illegal drugs and weapons away from school buildings.

ASBSD urges parents, businesses and communities to work with local school boards to provide safe, crime-free schools.

Revised: 2013
INVESTMENT IN EDUCATION

ASBSD believes devoting public funds to elementary and secondary education is an investment in the social and economic future of our children, our communities, our state and our nation.

ASBSD supports new alternative funding sources dedicated to K-12 public education.

In South Dakota, public schools deliver an outstanding return on investment. The personal and economic benefits of a quality education have a direct and dramatic impact on individuals, families and communities. Investments in the public education system serve multiple ends, but none are more important to the economic future of our country than ensuring every child graduates from high school ready for the postsecondary education or the workplace.

ASBSD believes investing in elementary and secondary education leads to improved student outcomes, particularly when investments strengthen teacher quality, improve access to high quality pre-kindergarten and K-12 programs and provide extended learning opportunities for students at-risk.

ASBSD believes South Dakota’s locally elected school boards must be entrusted to allocate new investments in education that empower the state’s already strong public schools.
