-- teachers or counselors receiving a report, or who witness bullying or harassment, must report the incident to the building principal by the end of the school day in which the event occurred, but in no case later than the morning of the next school day.

All staff that receive a report of bullying/harassment or view bullying/ harassment behavior must fill out the bullying incident form and submit it to the school principal within one school day from the incident. While it is strongly encouraged that students complete a bullying/harassment report, the filing of a report is not mandatory. Staff are still required to complete the incident report form if a student or another staff member or parent or other interested party comes to them to report that they or someone they know was bullied or harassed. The principal may conduct an investigation of the incomplete report.

FORMAL COMPLAINT PROCEDURE

An individual who believes that he/she has been harassed or bullied will notify the principal or assistant principal in his/her building who is the designated investigator. The alternate investigator is the school counselor assigned to a student’s attendance center. The investigator may request that the individual complete the /Bullying/Harassment Formal Complaint form and turn over evidence of the harassment, including, but not limited to, letters, tapes, or pictures. The complainant shall be given a copy of the completed complaint form. Information received during the investigation is kept confidential to the extent possible. When possible, the principal should utilize the school counselor as a “third party recorder” providing an independent document for reference to the investigation, interviews, and resolution meetings.

The principal or the alternate investigator, with permission from the principal, has the authority to initiate an investigation in the absence of a written complaint.

INVESTIGATION PROCEDURE

The investigator will reasonably and promptly commence the investigation upon receipt of the complaint. The investigation should begin within two school days, or within two work days during school recesses. Extenuating circumstances causing the delay of an investigation must be submitted to the superintendent for approval. The length of the investigation is governed by the facts and complexity of each individual case but should be completed within 30 days of the complaint. The superintendent may approve an extension in special circumstances. The investigator will interview the complainant and the alleged harasser. The alleged bully/harasser may file a written statement in response to the complaint. The investigator may also interview witnesses as deemed appropriate.

Upon completion of the investigation, the investigator will make written findings and conclusions as to each allegation of bullying/harassment and produce written findings and conclusions. An alternate investigator will provide a copy of the written findings of the investigation to the principal.

RESOLUTION OF THE COMPLAINT

Following the completion of his/her own investigation or upon receipt of an alternate investigator's report, the principal may investigate further, if deemed necessary, and make a determination of any appropriate additional steps, which may include discipline. If during the course of completing the report, it is determined that the report is a false report, the completed form will still be provided to the principal who may take disciplinary action for filing a false report. Filing of false reports may be considered by the principal when determining if bullying or harassment has occurred.

	Policies and Regulations	Bullying/Harassment

A key to resolution is the determination of a pattern of misbehavior by one student or a specific group of students. Accurate recording in the student data system will allow principals to discover documented patterns of misbehavior, which are relevant to resolution of the complaint. This information is confidential to the principal in compliance with Family Educational Rights and Privacy Act (FERPA).

The principal will file a written report closing the case and documenting any disciplinary action taken or any other action taken in response to the complaint. The remedial actions taken by the principal, including disciplinary action where appropriate should be designed to prevent further bullying/harassment. Parents of both the victim(s) and any perpetrator(s) will be informed of the results of the investigation and the principal's findings. The alleged victim or his/her parents may not know the disciplinary action imposed nor may the alleged perpetrator or his/her parents know any of the personally identifiable information such as victim, witnesses, or specifics of the alleged incident beyond the disciplinary action imposed. If parents object to the decision of the principal they may file a grievance as set out in Huron School District, School Board policy (CP-1). The principal, or designee, will monitor the effectiveness of the remedial actions taken by contacting the complainant at least twice during the month following the investigation resolution. These contacts should be included in the documentation. If further remedial actions are necessary, the case shall remain open with ongoing monitoring and documentation. The complainant, the alleged harasser and the investigator will receive notice as to the conclusion of the investigation. The principal will maintain a log of all complaints, findings, and actions taken, and will maintain all documentation related to a complaint investigation for three years.

POINTS TO REMEMBER IN THE INVESTIGATION

- Evidence uncovered in the investigation is confidential.
- Complaints must be taken seriously and promptly investigated.
- No retaliation will be taken against complainant/individuals involved in the investigation process.
- Retaliators will be disciplined up to and including suspension and expulsion.

CONFLICTS

If the investigator is a witness to the incident, the principal may assign the alternate investigator to the incident.

MONITORING EFFECTIVENESS

The superintendent is responsible to monitor the effectiveness of the bullying/harassment prevention efforts and the timely reporting to the Board of Education. The principal will annually report to the superintendent the number and type of complaints investigated under this policy and the results, including disciplinary actions taken and the effectiveness of those actions, including follow-up contacts. The documentation supplied by the building principals will be reviewed by central administration to coordinate data district-wide and formulate a comprehensive report. The report will include the number and type of complaints filed under this policy with comparative data from previous years as it becomes available. The report may also include district-wide or individual building survey results related to bullying and harassment.

This policy shall not be interpreted to prohibit civil exchange of opinions or debate protected under the state or federal constitutions where the opinion expressed does not otherwise materially or substantially disrupt the education process or intrude upon the rights of others.
