Z Pass+™
for Parents' Peace of Mind

TRACK when and where your child gets on and off the bus

CHECK your child's bus location

KNOW your child is safe

RECEIVE instant notifications via email or text

How does it work?

Students carry a small card that automatically logs their entry or exit when they pass the scanner on the school bus. The information is then instantly and securely available to you. Notifications can also be sent directly to your computer or to your cell phone via text message.
Z Pass+ brings you a whole new level of assurance. Knowing when and where your child gets on and off the bus gives you added peace of mind and makes it easier for you to plan your day.

Stay updated and feel confident about your child's safety with Z Pass+!

AUTOMATE
Medicaid reimbursement reporting

Smarter Student Transportation

Z Pass improves the safety and efficiency of pupil transportation with a patented RFID data collection process that provides instant ridership information to decision makers. With Z Pass, schools know the time, date and location of each entry and exit from the bus for real-time child search, child check and Medicaid reporting.

Ridership Tracking

Each student is issued a unique Z Pass RFID card. Upon entering or exiting the bus, the time, date and location is captured, securely transmitted and accessible via Zonar's Ground Traffic Control and the Z Pass+ parent portal. Z Pass helps reduce parent inquiries, increase safety and streamline Medicaid reimbursements.

Features and Capabilities

- RFID reader
- Passive RFID cards
- Z Pass+ parental portal
- Immediate data transmission
- Simple mounting system
- Low-power sleep mode
- Web-based reporting
- Special needs reimbursement
- 4.2" W x 4.2" L x 1.2" H
- Edison Award Winner
